

11th Grade Newsletter

Spring is here!

We hope you are all well and getting some time to start checking out colleges; have fun doing this with your student! Hopefully you have met with your student's college counselor. If not, call today and set up a meeting; it is crucial! Thank you to all the parents who have helped this year; we couldn't have done it without you! We will send a Doodle link for one more food fest for juniors; please help us out one last time this year!

Just a few reminders....
