An inside look at BB&N...

Throughout the morning, various programs and informal conversations will be held with members of the BB&N community. Registration, refreshments, and the following will be ongoing:

- Upper School campus tours depart from the Commons; Tours of the Nicholas Athletic Center (NAC) will depart from the lobby of the NAC.
- Upper and Middle School students, parents, and faculty available to answer your questions.
- Upper and Middle School faculty host Curriculum/ Club Fairs.
- Open play rehearsal for the Upper School Drama Department's fall production, *The Cherry Orchard*, by Anton Chekov.
- Athletic coaches available in the Nicholas Athletic Center from 9:00 a.m. to 11:00 a.m.

Panels and Information Sessions

Upper and Middle School Curriculum/Club Fair

Teachers, students, and parents will be available to answer your questions about the School's academic offerings, student organizations, and parent groups, all of which play a key role in life at BB&N.

9:00 – 12:00 in the Commons, Upper School

9:00 - 12:00 in the Community Room, Middle School

The BB&N Middle School

At BB&N, 7th and 8th graders have a space just for them, an entire campus and program designed to develop their unique perspectives and experiences. In the comfort of their own space, Middle School students develop the confidence and skills necessary to meet future challenges. Learn about the experience from Mary Dolbear, Middle School Director, and gain insight into this transformation with a student panel.

9:30 – 9:55 and 10:30-10:55 in the Community Room

Welcome from the Head of School

When searching for a school, it is important to investigate the daily life and rhythm of the school and to consider its values and aspirations. Rebecca T. Upham, Head of Buckingham Browne & Nichols, will share with you her thoughts about BB&N and her outlook for the future of the School.

11:00-11:25 in the Theater

Upper School Student Life Panel

Classes, athletics, artistic projects, and other opportunities are important aspects of a student's overall experience at BB&N. Through this panel discussion you will hear from our students about how BB&N feels from the inside.

10:00 – 10:25 and 11:30 - 11:55 in Room 210 (second floor)

Diversity at BB&N

Please join this important conversation, facilitated by BB&N's Director of Multicultural Services, Lewis Bryant. For 30 years, Mr. Bryant has led BB&N's effort to become a truly diverse, multicultural, and inclusive community. While increasing the number of students of color on campus was one of the original goals, supporting a broader definition of diversity, one inclusive of sexual orientation, class, religion, gender, culture, and other social identities is the present day goal at BB&N. We are proud of the many levels of support we offer, and look forward to sharing them with you.

10:00 – 10:25 in Classroom 273-275

Director's Overview of the Upper School

In this session, Mr. Theobald will discuss strengths of the curriculum, with an eye to the unique opportunities presented to students during their years here. His talk will offer thoughts on the rigor of our program and the warmth of our community.

9:30 – 9:55 and 10:30 – 10:55 in Room 210 (second floor)

Financial Aid Information Session

A BB&N education is an investment in your child's future, one that is within everyone's reach thanks to our extensive financial aid program. This session will walk you through the process of applying for financial aid for the first time, with the goal of demystifying an often intimidating process. Presented by Geordie Mitchell, Director of Enrollment Management.

11:30 – 11:55 in Classroom 273-275

Three Campuses, One School ...the joy of learning at every step.

A coeducational day school in Cambridge, Massachusetts, BB&N offers a continuity of education that is rare among independent schools. The educational program provides a challenging core curriculum that is taught in insightful, innovative ways. BB&N's three separate campuses have been carefully designed to complement the developmental growth of children. Each campus is composed of energetic learners, from a wide variety of backgrounds and geographic locations, united by a common pursuit of excellence. At BB&N, students are encouraged to test their ideas and broaden their ways of thinking, as they experience a range of viewpoints within a safe, supportive environment. Additionally, the School's location makes it possible to expand the classrooms beyond their finite walls and engage the larger world. BB&N offers a dynamic combination of exceptional academics and extensive opportunities, available to all in an inclusive environment where individuals feel comfortable being themselves.
