BB&N's Motto: Middle School Community Expectations

As members of this community, we affirm and abide by the *BB&N Community Standards* (see [All-School Policies & Information PDF](#) at www.bbns.org/handbook) and, together we work to integrate these fundamental values and principles into our daily lives here on the Middle School campus. The School's Motto, *Honestas Litterae Comitas*, is central to these values and principles in the following ways: *(Note to parents: The information in this section is directed to the student; therefore the "you" refers to students, not parents.)*

I. Honestas—Honor

Being honest to yourself and to other people helps you be the best person you can be. It means...

- you accept responsibility for all that you say and do;
- you tell the truth and you do not do anything untruthful;
- if you are untruthful or do something wrong and no one catches you, you know that what you said or did was wrong;
- you don't try to make someone believe something you know isn't true;
- you don't do big or little things that are not honest, such as not going where you say you are going during E Block or getting someone to write a sports excuse when you aren't really sick.

II. Litterae—Scholarship

Scholarship is knowledge gained through study. It requires putting time and effort into learning new skills and ideas. You will find that this is not always easy, so be patient. Being a scholar means acquiring the skills to explore anything about which you are curious. Therefore, it is important to...

- take an active role in your own learning;
- master the skills and content of each subject;
- do your own work with pride and not pass off other's as your own;
- think about new ideas and look at old ideas in new ways;
- learn about yourself: your beliefs and interests.

In order for you to do your work well, we must have a good working atmosphere in the School. Therefore, it is important to:

- *speak and behave with respect;*
- *listen to and respect other people's opinions;*
- *give positive support to all other members of your community;*
- *learn about how you learn.*

III. Comitas—Kindness

Kindness is consideration and respect. It means that you are thoughtful and respectful to other people. It means that you think about people's feelings and that you treat others the way you would like to be treated. To be kind and considerate means that you...

- think about people beyond yourself;
- find ways to be helpful and supportive;
- make a point to include students who are easily left out;
- do what is asked of you in a pleasant manner;
- use appropriate language;

- behave properly during assemblies, plays, and concerts;
- hold doors open for visitors, teachers, and people who need assistance.

Consideration involves caring about your School. It means that you want to be here, and that you act in ways that make us proud to have you as one of our students. Consideration means that you accept our expectations of you and accept the personal responsibility of meeting those expectations. Caring about your School and your community means that you...

- think about how to be a positive contributor to this community;
- find ways to be inclusive and make this a safe community for each person;
- take care of your own and other people's belongings;
- help to keep the classrooms, buildings, and grounds clean and neat;
- participate harmoniously in the School's activities and traditions.

Specifically, we look for opportunities to...

- *support, rather than criticize, one another;*
- *offer the positive comment, rather than the angry word;*
- *understand and appreciate our diversity of backgrounds and experience;*
- *be accepting of differences of gender, sexual orientation and family structures;*
- *respect each other's feelings, opinions, and belongings;*
- *represent the School both at home and away so as to reflect credit upon it.*

Respect for the Individual

There is no place in the BB&N community for intolerance with respect to race, gender, ethnicity, religious background, or sexual orientation. A student using spoken or written words or symbols of any kind to denigrate the race, gender, ethnicity, religious background, or sexual orientation of another individual, family or group can expect a strong and swift disciplinary response.

Bullying is not tolerated at BB&N Middle School. This could include negative actions or behavior carried out by words, threats, teasing, name calling, and aggressive physical contact, or more indirect behavior, such as spreading rumors, laughing, sneering, excluding, or isolating someone from a peer group. Retaliation is not tolerated and will be handled in a most severe manner. Please refer to our Anti-Bullying policy for more details.

In our community, students will abide by the following:

- I will make a point to include students who are easily left out.
- I will think about how my actions and words affect others.
- I will not bully other people.
- I will try to help others who are being bullied by reporting it to a trusted adult.
- If I am in a situation where I feel bullied, I will report it to a trusted adult.

*** *Every student is responsible for knowledge of the School's Rules, Expectations, and Policies.* ***

General Information

Middle School Daily Schedule:

🔔 The building opens at 7:30 a.m. for students; the first bell rings at 7:55 a.m. to mark the start of the School day and students need to be in their first class/activity by the second bell at 8:00 a.m. Dismissal varies: Monday, Tuesday and Thursday ~3:45p.m, Wednesday ~3 p.m. and Friday ~ 2:15 p.m., but most Fridays (and some Wednesdays), most students will have games. For a sample schedule **see page 29**. Parents should also check out the athletic website/hotline regularly for updated athletic game schedules & times. Before school, students should be in the foyers unless they are meeting with a teacher.

Tardiness:

🔔 Late arrival is a disruption of the School program. The first bell is at 7:55 a.m. and school begins promptly at 8:00am. Students must be in the building in the designated Class meeting location BEFORE attendance is taken at 8:00 am in order to avoid being marked late. If a student arrives late, she/he must sign in at the Front Office and present a tardy slip to the teacher of the class which he/she is joining. If repeated tardiness persists, the school will contact families; tardies result in warning slips and detentions. If the problem is not resolved, additional disciplinary action may be taken.

Attendance: All students are required to attend all classes, homeroom meetings, assemblies, and other scheduled commitments, including athletics and rehearsals. Ten absences throughout the year is cause for concern. Any student who is absent from 20 percent of his/her classes any quarter is obviously of *great* concern and will require an immediate parent meeting with the School.

Message Boards: Students are expected to check the message boards during the day for important Community information and updates.

Dismissal Locations: On Mondays, Tuesdays and Thursdays, most students are dismissed from the Upper School/Nicholas Athletic Center (NAC) after sports. Wednesdays and Fridays are the days designated for interscholastic competitions/games and students are picked up at the Nicholas Athletic Center after those games. Students without a game are generally picked up at the Middle School campus. Please consult the website for details.

***** When BB&N suburban bus riders are not involved in games on gold Wednesdays and/or Fridays, these students are monitored in a supervised location until 3pm.***

***** All athletic waiver students are to be picked up at the middle school campus at the end of the academic day.***

***** Important note to families:*** We are an urban school and it is critical that parents discuss the details of the end-of-day routine carefully with their children. There is limited adult presence and supervision after dismissal. Parents assume responsibility for their children after they sign out or leave at the end of their day.

Students cannot return to the Middle School building once they have left unless they are enrolled in an after-school activity. This is especially important during No Sports Weeks, when dismissal is from the Middle School. *Please note: During the Middle School No Sports Weeks, students are **not** allowed to go to*

the Lower School campus because LS classes are still in session and their presence will be disruptive to the LS program.

Students should not be wandering the buildings or lingering on campus after dismissal.

**** Warning slips** will be issued if students are not following these guidelines. **Detention slips** or more will be issued if a student misrepresents any information about whereabouts or end of day process.

Leaving Campus/Dismissals/Early Sign Out: Once a student has arrived on School grounds, he/she may not leave until dismissal time without signing out in the Front Office. If a student needs to leave early because of an appointment, a note must be sent from home and presented to the Front Office. Students must then sign out in the Front Office before leaving. The adult designated to pick up the student should report to the Front Office. **Any early dismissal due to illness MUST go through the Nurse's office.**

After-school Activities and MSX: We have extra-curricular activities available three days a week and they require advanced registration directly with the teacher. Students are dismissed from sports at the Athletic Center on days with After-school Activities. Most After-school Activities are on the MS campus and there is a bus after sports available for travel back to Sparks Street. No additional supervision in MSX or otherwise is available on Sparks Street. **Please note: prompt student pick-up after MS after-school activities is essential and a pattern of late pickups will result in students being removed from the program.** Our MSX (Middle School Extension Program) offers an after-school study hall at the Lower School campus for quiet study until 5:30 p.m. Again, there is usually a bus available after sports for this and all relevant information is on the website. This study hall offers an opportunity for students to do homework and other quiet activities; students do not have to be silent, but they should not consider this time as a social hour. For all after-school activities, please be sure to arrange for timely pick-up. Students not enrolled in these programs may not linger on any campus.

Absence Due to Illness: Parents should notify the School by 8 a.m. by calling the Middle School Attendance Line at 617-800-2306 if their son/daughter is unable to attend School.

Extended Absences: The School strongly discourages extended, planned absences. More specifically, parents are discouraged from extending designated vacation periods. If a family anticipates an upcoming absence for an important family event, they must send a written request to the Director and the student's advisor *at least two weeks* in advance. Not all requests are granted. Replies will come through the advisor. Students are always responsible for advance communication with all teachers as well as taking the initiative to make up all missed work.

Unexcused absences occur when families choose to miss School when they have not followed the procedure above. *Please note: Unexcused absences may result in academic penalty. And in this case, faculty members are not required to provide additional assistance to students for making up missed work.*

Homework for Absent Students: It is not expected that a student return to class having made up all missed work; the number one priority for a sick student is to rest and get better. Teachers are prepared to work with students and students should plan to seek out their teachers during E Block. In cases of short-term illnesses, students should call a classmate for missed assignments or refer to their class syllabus, when appropriate. Many assignments/syllabi are available online through class Haiku sites and on some

occasions, students may email teachers directly. For a long-term illness, homework packets may be requested through the Advisors and will be available for pick up after 4 p.m.

Sports Excuses: If a student is unable to participate in sports activity on a particular day, parents should send a note and students must submit the note to homeroom teachers/advisors first thing in the morning. *Our Middle School Nurse communicates directly with the Athletic Trainer and MS Athletic Director and students will be expected to accompany the team but will be excused from activity. **Students are allowed sports excuses only for documented illnesses or disabilities.*** For injuries, please contact our Middle School Nurse to make a plan and accommodations. Students, who are members of sports teams, are expected to play in all the afternoon interscholastic games. In the rare case of a legitimate conflict with a game, families must communicate directly with a coach and the Middle School Athletic Director *at least a week* in advance.

Participation in School Activities/Performances/Games:

We expect students who are unwell to stay home and recover properly, and not to return for a game, performance or special event. At the latest, a student should be in School by mid-morning in order to participate in School games, performances or special events. Any special circumstances, events or appointments should be approved by the Grade Dean.

Medical Appointments: Appointments that conflict with a student's School schedule should be avoided whenever possible. The earlier dismissal days during *No Sports/MUD Weeks* are often good times to schedule appointments. Any problems/conflicts should be directed to the student's advisor.

Messages: Parents are requested to restrict messages to important, time sensitive matters only. Texting is often the most effective way. If families need to leave a text message for a student, students may request special permission at lunch from a faculty member to check these messages. *Please see **Texting section** for guidelines.*

Student Life

Homeroom/Advisor Group: Students have regularly scheduled homeroom, advisor or class meeting time. This is an important check-in time for announcements & updates. For many students, it is also a time to check in briefly with their advisors.

Lunch: Students bring lunch from home or order in advance from the online service, **Sparks Street Bistro**. Check website for details. The School provides milk. Please notify the School of any food allergies; students should not swap or share food or drinks.

Storage Spaces: The Advisor issues storage areas in the beginning of the year. Backpacks/bags and lunches must be stored there during the day. Students are responsible for cleaning their personal items. All storage areas, both at Sparks Street and in the Nicholas Athletic Center, are the property of the School. The School reserves the right to search student lockers/bags and students should have no expectation of privacy in these areas.

Communal Space Expectations: In the Middle School community, we share a small space. We must all take responsibility for our own things. Students are required to store their belongings in their reserved spaces. No items can be left on the floor or in the foyers. The pavilion is available for sports bags. "Loose"

bags/backpacks will be placed in the Faculty Room. If student's belongings are repeatedly removed, a slip will be issued.

Personal Belongings: Students are responsible for their own belongings. It is imperative that all clothing, calculators, books, and athletic equipment be clearly marked with a student's name. The School cannot take responsibility for lost or stolen items. Bicycles should be locked and not left overnight or unattended for long periods of time. At the gym, students must leave all their belongings in their locked locker which provides maximum security if used properly.

Valuables and Money: Given our open storage areas, students are strongly discouraged from bringing valuable items and/or money to School and must assume responsibility for protecting their own property. In the rare event that students need to have something of value with them, they may go to the Front Office to have something stored for the day.

Lost and Found: A *Lost and Found* for books and articles of clothing is maintained in the School. At the end of the term, unclaimed items are discarded or donated to local charities.

Student Use of Copiers: Students cannot use the School copiers without supervision. Students should go to the Front Office for help only during lunch. Faculty should refrain from sending students to do their copying.

Dances/Mixes: BB&N Middle School usually sponsors two "Mixes" each year. We usually have a range of activities, video, and/or games as well as a hired DJ. These events are chaperoned by faculty and parent volunteers. The dances are usually from 7:00-9:30 p.m. with doors open from 7:00-7:30 p.m. Any late arrivals need to be pre-approved by the Grade Dean and all students must stay until the end. All students must be picked up by a parent. Any student walking home must have advance approval. Students may invite up to two guests if they register them in advance by signing up in the Front Office by Friday at dismissal. (All BB&N students are responsible for their guests. Please be sure that your guests are familiar with our rules and expectations as soon as you invite them—including the proper BB&N address as well as the arrival deadline!)

Dances at Other Schools: We do not send BB&N chaperones to dances at other schools. If the sponsoring school requires an attendee list from us, students can inquire with their Grade Dean or at the Front Office and we can provide a sign-up sheet and send it over. Students are usually required to show a student ID to enter the dance at the other school.

Fundraising: Our Middle School Community Service Club often chooses specific causes outside of the school community to support each year. Our mission is to raise awareness, perform service, and/or fundraise for these particular causes. We also recognize that many of our students are independently involved in a range of activities and groups outside of the school community. Although we eagerly encourage those students to share information and reflections with their peers through Community Service Club as well as during assemblies and grade meetings, we are not in the position to allow individual fundraising activities at school.

Middle School Closing Ceremony: At the end of the year, our Eighth Grade Closing Ceremony represents closure for our Middle School community for the Eighth Graders only. Eighth Grade families are invited

to the ceremony and for light refreshments afterwards; the ceremony usually lasts about an hour. The ceremony is held in the Nicholas Athletic Center.

Working Atmosphere: Culture, Rules and Expectations

It is important for parents as well as students to be familiar with these general rules and guidelines. Students who consistently disobey these guidelines undermine our community values and will receive consequences through our discipline system. We are particularly concerned when a pattern of negative behavior develops. These rules provide a sampling of our policies and are not exhaustive.

In order for all of us to work well together, we strive for a sense of community in the School.

In addition to adhering to our Motto, we expect students to:

- Contribute positively to the Digital Community Culture
- Work and be a positive class member.
- Come to class on time and be prepared and ready to work with materials: laptop, book, notebook, planner and pencil.
- Be thoughtful of others.
- Avoid behavior that might disturb people's ability to work and learn; take care not to disturb the work of the class in any way.
- Refrain from talking to people when the teacher or another student is talking.
- Follow E block/Work Time/Technology Lab rules.
- Behave on the bus at sports time.
- Do your best in practice. Be on time and listen to the coach.
- Adhere to School rules regarding general good behavior and decorum in the immediate vicinity of the School building, including local stores.

School Safety Rules:

In front of the building:

- Be careful as you approach and leave School. Sparks Street is a dangerous street. Students should not get out of the car on Sparks Street; wait until the car enters the School grounds.
- If you ride a bike to School, you must wear a helmet. Always walk your bike in the parking lot.
- No throwing, running, or playing in the parking lot.

In the building:

- Make sure everyone is safe.
- Do not run, push, shove, wrestle, or throw anything.

In the back/Terrace/ side yard:

- During break and lunch, students may play safely in the designated areas.
- No sitting or walking on the brick wall by the turf.
- Students should consider the pavilion the boundary line and should not go beyond that point.
- No hardballs allowed in the side yard.

Anywhere on campus:

- No use of skateboards or rollerblades;

- No snowballs;
- No laser pens.

Restricted Areas:

RED - Students are never allowed in the following:

- Faculty Room, Science Prep Room, Faculty Offices/desk areas, behind desks in the Front Office, Fire Escape behind the Carriage House

YELLOW - Students are allowed in the following areas only with teacher supervision:

- Photocopy Room, Library Learning Commons, Drama Office, Science Labs, Art Rooms, All Classrooms (including the Big Room), Kitchen, Nurse's Office, Counselor's Office, Kiln Room, Admission rooms, Outside play spaces

GREEN - Students may be in the following areas even when the areas in question are not being supervised:

- Foyers~ on all three levels, student bathrooms

Break: We have a mid-morning break each day. Students may supplement the snack provided and are responsible for cleaning up after themselves in and out of the School building, especially the foyers areas. These privileges may be taken away if and when issues persist.

Lunch: We eat lunch together as a School outside, or in the Big Room in inclement/cold weather. Sometimes homeroom groups eat lunch together. The basic rules are as follows:

- Work together to keep the lunch area clean.
- Follow the directions of the teachers in charge.
- Take care not to cause disruption or untidiness.
- Clean up within your group before you leave.
- Dispose of any trash near you. Be sure to make use of the recycling bins.
- No food should be eaten on the turf in the side yard.

Students are grouped together to form the “*Lunch Crew.*” These students are responsible for helping with any set-up or final clean-up. They should report to the teachers in charge of lunch at the beginning of each lunch period. Failure to report for Lunch Duty will have consequences.

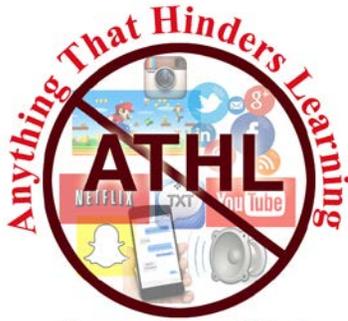

MS Digital Community Culture & Rules

We encourage students to use technology resources for intellectual growth and expect students to avoid any computer activities that interfere with the learning process of themselves or others. Technology is a privilege; it is a powerful educational tool when used correctly, but students will lose the privilege for misuse or for wasteful activities. We expect all students to be *honorable, scholarly, and kind* in their use of all digital tools.

Digital Community/Culture

- Take care of your computer
- Pursue intellectual and educational activity
- Respect yourself and others online
- Treat others the way you would like to be treated

Just Say No!

Digital Device Rules

During the academic day students may NOT (without permission):

- use phones
- text message
- play games
- stream movies, radio, or anything else
- watch videos unrelated to academic projects
- listen to music audible to others
- use social media

BB&N All-School Technology Use Policy (TUP)

BB&N provides a variety of networked digital tools to support our educational mission. We expect all students to be honorable, scholarly, and kind in their use of these tools. This includes being ethical, respectful, legal, and academically honest. Various other school policies including our Community Standards, Anti-Harassment, and Anti-Bullying policies also apply to all use of technology resources. We encourage students to use our resources for intellectual growth and expect students to avoid any computer activities that interfere with anyone else's learning process.

The following guidelines are intended to clarify expectations for conduct but are not all-inclusive. BB&N reserves the right to adjust these rules and guidelines as necessary. Violating any portion of this policy may result in disciplinary review, including possible suspension or expulsion, and/or legal action. The school also reserves the right to apply disciplinary consequences for computer-related activities conducted off-campus if such activity adversely affects the safety or wellness of any member of our community, or if it violates expectations for student behavior. Any use of a website, message board, camera, blog, or other communication tool to misrepresent oneself, to disparage others, or to depict or advocate illegal or inappropriate behavior is a violation of BB&N's expectations for conduct. BB&N students should understand and honor the following standards of behavior:

1. I understand that I represent both myself and BB&N whenever and wherever I use online communications, both at school and off-campus. This includes, but is not limited to: email, chat,

- instant-messaging, texting, gaming, photography, and social networking sites. In all of my online communication I will be respectful to all members of the BB&N community.
2. I will not share or post online personally identifying information about any members of the BB&N community without their express permission (including photos, videos, names, email addresses, phone numbers, mailing addresses, etc.)
 3. I will be ethical and respect the privacy of others throughout the BB&N network and internet, and I will not share or access others' folders, files, or data without authorization.
 4. If I am uncertain whether a specific computer activity is permitted or appropriate for BB&N, I will ask a teacher or parent before engaging in that activity.
 5. I understand that the school network and computers include filters and security to ensure safe and efficient access, and I will not attempt to circumvent or disable them.
 6. I understand that it is my responsibility to back up my school computer files, keep my school accounts secure, and seek help on this if needed.
 7. I will not share my network passwords with anyone, or use anyone else's network passwords. If I become aware of another individual's password, I will inform that person or a member of the technology staff.
 8. I understand that BB&N has the right to look at any data, email, documents, logs, or files that exist on the network (including hosted and cloud services) without the prior consent of system users. I understand that there may be automated or manual checks of my data to ensure compliance with our policies. In addition, I understand that BB&N reserves the right to view or remove any files on the network without prior notice.
 9. I understand that it is possible for information posted on "private" websites to be searched for, read, and re-posted by malicious users, and it is best to assume that nothing on the internet is truly private.
 10. I understand the permanence and searchability of information I post on the internet-- that this information can easily be found by others (even those I might not intend to have access), and that the information is often stored or cached by other servers and cannot truly be "removed" from the internet at a later time.
 11. I will properly cite any intellectual property resources that I use in assignments, projects, and papers, and I will not plagiarize from any sources. (Plagiarism is taking someone else's text, image, or idea and presenting it as your own.)

Students' privacy is respected, but the school reserves the right to examine any relevant files and check files if there are concerns that our policies may have been violated, or in the event of problems with a technology system. All user accounts (including email) are accessible to BB&N technology system administrators, and, when deemed necessary, will be reviewed by technology staff or school administrators. BB&N reserves the right to read, monitor, block, and/or delete any and all electronic files and data which are stored on, or pass across, our network. BB&N cannot guarantee that network services will be without error. BB&N takes precautions to restrict access to objectionable material online, but it is not possible to have full control over access to resources and materials on the internet. The school will not be responsible for any lost data or interrupted service caused by malfunction, negligence, or omission. BB&N is not responsible for the accuracy or quality of information obtained through the network, nor will the school be responsible for financial obligations arising from unauthorized use of the network. BB&N will cooperate fully with law enforcement officials in any investigation related to any potentially illegal activities conducted through our network.

Cellular Phones: Cellular phones and/or communication devices as well as their accessories can be disruptive in general as well as be a distraction to the teaching/learning process.

Students may use these devices in the building **before** the start of the school day unless they are doing so in direct violation of the AHC (*Academic Honesty Contract*) or TUP (Technology Use Policy). However, once the academic day has begun (8:00am) until the academic day as come to an end (2:15pm), students may not use these devices unless given explicit permission by a teacher or under the direction of a teacher

who may be incorporating their use into a lesson or extra help. To avoid interruption to any school activity, cell phones and other communication devices must be on silent/airplane mode during classes. (No ringing allowed.) After dismissal, students may use their electronic devices, provided they are not violating the AHC or the TUP while at School.

Any student found in violation of these guidelines will receive a slip and have their phone/device confiscated and turned in to the Director's Office.

Texting/Messaging: Student texting is not allowed during the school day. *(The exception would be to respond to a message left from home with permission. Please see Messages section for details.)* Under no circumstances are students allowed to use messaging on laptops/school computers/equipment. We encourage families to talk about appropriate use of all technology at home. Experience proves that while Middle School students may occasionally use these types of technology/communication to work on homework, more often than not, students use them to communicate socially. Unfortunately, we have observed a growing trend for students to use these electronic devices/tools as a means for hurtful communication among one another – whether they realize it or not. **We hope and expect parents will take a proactive role in monitoring use of digital devices/communications by talking with their children to establish acceptable and safe rules & guidelines.**

Positive Online Presence/Internet Safety: As a Middle School community through our Advisory Program, we cover units on Positive Online Presence/Internet Safety in both 7th and 8th grade to promote a greater understanding of both the power and dangers of one's digital footprint, the Internet and social networking. The ever-evolving use and speed of technology presents a constant and ongoing challenge as we all grapple with the ubiquity of technology in our lives and the reality of our students' continual exploration of its possibilities. **We strongly urge parents to discuss their own expectations about technology use at home and stress the permanent and transferable nature of material online.**

Parents will also want to review the recommendations of our technology department which are found in the ***BB&N Technology Use Policy*** in the [All-School Policies & Information PDF](http://www.bbns.org/handbook) at www.bbns.org/handbook.

Gum: Chewing gum is not permitted at School.

Advisory Program

The Advisory Program plays an integral role in our two-year program at the Middle School. There are two components: the faculty advisor relationship and the Advisory/Co-Curriculum Program.

Faculty Advisor Relationship: Each year a student is paired with a faculty advisor to help support the student as well as his/her family through the academic year. Faculty advisors serve as the point person for any academic or other issues that may arise. Faculty advisors facilitate this role as the key contact person for students and his/her family through interactions with students, teachers and families.

Advisor ~ student support:

Advisors connect regularly with their students in multiple ways. The schedule is structured to provide twice-weekly homeroom/advisor mtgs, and weekly Advisory/Co-Curriculum periods. Other informal connection times include during break, lunch, E block and/or before/after school. Advisors also facilitate connections among students through advisee groups and homerooms. Advisors have a cluster of "advisees" that comprise an advisee group, which often meet informally. Then, two or three advisee groups form a "Homeroom".

Advisor ~ teacher support:

Advisors are also in communication with their advisee's teachers at regular academic intervals, and as needed, when issues arise at school or at home. Advisors are informed by their advisee's teachers or staff if issues arise at school. Families are also invited to inform advisors of any pertinent outside issues they would like to be articulated/shared at school. As a reminder, advisors must share certain information related to physical or medical health with our Nurse and School Counselor, licensed health and mental professionals.

Wellness Team support:

Our Nurse and School Counselor comprise our "Wellness Team" and are full-time staff at the Middle School. The Wellness Team is available any time to students and families. Students are invited to drop-in or schedule a time anytime with any issues or just to chat. The Wellness Team is committed to direct support of students and also partners closely with faculty advisors in their work with advisees.

Advisor ~ family support:

Families are encouraged to connect with their child's advisor with any questions or issues. Advisors are well-positioned to help answer questions directly or help coordinate further discussions. For example, the advisor can coordinate relevant communication among the child's teachers. There are several ways parents and advisors connect throughout the year:

- Early in the year, during parent/teacher events, there are opportunities for parents to connect with their child's advisor. At that time, the advisor will share how he/she works with advisees, how to get in touch, and answer any questions a parent may have.
- Advisors typically call parents in the beginning of the year and at academic grading periods.
- Parents are welcome to call or email advisors directly. Extensions are in the Community Directory and on the School's website.
- Parents can also contact the Front Office (617) 800-2331 or the Grade Deans for assistance with scheduling appointments.

Advisory/Co-curriculum Program: The Advisory/Co-curriculum Program includes core units taught by faculty on such topics as community, respect and responsibility, organization, group dynamics, differences, communication, conflict resolution, and many social issues. The themes are similar, but lessons/topics will vary by grade level. The majority of the sessions are taught with Advisors during the Co-curriculum block. We also have an Assembly program. More details are provided in the ***MS Program Guide***.

Conferences: At the Middle School, we have designated ***Teacher Conference days*** in November after the first set of interim reports. No classes are held so that teachers can meet with parents and more details about online registration will be sent in the fall. We have found that at this age level, given the needs around the transitions, the timing for optimal conversation and/or intervention can vary a great deal with each child. The role of advisor can help here. We also strongly encourage ***Advisor Conferences*** with parents/advisors/ (student) at times when there are concerns or questions. To fill out the picture, the advisor can gather information from teachers in advance of the meeting to identify any relevant issues/themes. **Please feel free to contact your child's advisor directly with any concerns or questions.** *Please note: in order to consistently communicate information to both parents about a student, faculty can only facilitate one parent conference per family.*

Discipline System

Personal responsibility as well as an opportunity to learn from one's mistakes is central to our discipline system.

Slips:

The slip system is one way that teachers hold students accountable for their behavior. As members of the BB&N Middle School community, students who break a rule or do not follow a behavior expectation receive a slip, marked either warning or detention offense.

• ***Warning Slip Offenses:*** simple, clear infractions of the rules.

SAMPLE OFFENSES: lateness, cell phone violation, failure to sign out, no laptop/uncharged laptop, disruptive behavior, inappropriate language, misuse of common areas, leaving personal items in common areas, missing sports bus, dress code violation, chewing gum, wearing a hat in the building, lingering on campus at the end of the day without being in a supervised program, etc.

• ***Detention Slip Offenses:*** infractions that affect others (and/or yourself).

SAMPLE OFFENSES: disrespect, rudeness, roughhousing, misrepresentation of or lying about offense, vandalism, dishonest behavior, etc.

** Language is powerful, and in our community, we are responsible for our words. Regardless of intent, if our language is deemed hurtful to another, we are held accountable. The setting and context of inappropriate language are important considerations in the School's response; language is different when it is directed at someone and when said in a disrespectful manner. Students should also refer to our statement about "Respect for Individual" on **page 5**.

Disciplinary responses could vary from Warning Slip to Director Notification.

Also, please note that parents are not notified of warning slips until the student receives the third one or a detention; parents are encouraged to talk directly with their child with any questions. Any additional questions, please consult the advisor.

Morning Detention: Warning slips accumulate; three warning slips or one detention slip warrant a detention. Students are assigned to morning detention from 7:15-7:55 a.m. at School. Parent notification of an upcoming detention will be given via the email address on file. While we recognize the burden detention might put on families, we need parental support to follow through on these consequences. Families will be contacted regarding the detention and it is expected that all detentions will be served within 48 hours of the detention slip or accumulation of three warning slips. Under extreme circumstances, if family logistics prevent the student from attending the specified detention day, the detention will then be served the following school day.

Slip Consequences: When a student receives a slip from a teacher, the slip is placed in the advisor's box. The advisor will then follow up with student and give a copy of the slip to the student. In general, a student is assigned to Detention after *three warning slips* or *one detention slip*. The Grade Dean/ Discipline Coordinator and/or Director meets with students when appropriate and consequences could also include loss of privileges and/or a parent meeting. Parents are notified when necessary, generally for detention notification and beyond. The accumulation of warning slips will usually be reset to zero at the beginning of each semester.

****** Detentions also accumulate and stiffer penalties may be assessed for repeat offenses/patterns. In the rare case, after a student has received five detentions, a meeting is called and a formal warning is issued***

to the student that he or she is in danger of receiving an automatic suspension or more. See below for details on suspension and disciplinary warning or probation.

Director Notification Offenses: There are offenses deemed more serious than those requiring a warning or detention slip. These offenses include, but are not limited to, the following categories: fighting, bullying/cyberbullying, harassment, lack of respect for the individual, being off campus without permission, use of prohibited substances, vandalism, academic dishonesty (including cheating and plagiarism), insubordination, lying, forgery, violence, threats of violence, theft/possession of stolen property/weapons, violation of Technology Use Policy(TUP), etc. *See Respect for Individual statement on page 5 as well as the [All-School Policies & Information PDF](#) for more details.*

Disciplinary Procedures for Director Notification Offenses: A Director Notification offense requires an immediate meeting with the Director. The Director will meet with the student's Advisor and Grade Dean to discuss the situation and a parent conference may be held immediately. Consequences are at the discretion of the Director. One of these violations on its own or continual disregard of School rules may result in discipline including but not limited to: loss of privileges, suspension from School, placement on Disciplinary Warning or Probation, or expulsion.

Suspension: There are both privileges and responsibilities associated with being a member of this Community. When a student's behavior or pattern of behavior is of significant enough concern, the School may decide that the student needs to be separated from the community for some reflection time. *Out- of-school suspension* should take place at home in a quiet area away from their peers & Community and students do not attend classes. In general, students work on homework as well as complete a reflection piece. Parents should work to create an atmosphere of seriousness. ***The guidelines for the academic consequences due to suspensions are as follows: zero for participation. Class work and homework; tests/quizzes may be made up at the discretion of the Discipline Team.***

Disciplinary Warning/Probation: A student who commits a Director Notification offense and/or develops an ongoing pattern of negative behavior may be placed on *Disciplinary Warning* or *Disciplinary Probation* for a specified amount of time by the Director. Other restriction of privileges and/or participation in School activities may be defined. If there is no improvement in attitude and/or behavior during the stated period of time, or if other violations of School rules occur during the warning/probationary period, further action may be taken, up until and including expulsion. Students disciplined for additional offenses while already on Disciplinary Warning or Probation should expect more serious consequences and/or extension of the status. *Only in severe cases would the discipline meetings and/or consequences be reported on a student's permanent record.*

The most significant factor in changing and improving student behavior is the cooperation between the School and parents, who can help by holding students to School principles and supporting punishment given as a consequence when these principles have been broken.

In fact, serious disciplinary issues are rare, but when necessary the Middle School Director convenes several teachers to form a ***Discipline Advisory Group***. The *Discipline Advisory Group* exists to handle cases referred by the Director. With the Director, they work together to create a fair, effective response to infractions of the rules outlined on these pages; this group reviews and recommends consequences for behavior which conflicts with School rules and/or Community Standards. In certain circumstances, this

recommendation may then go to the Head of School for approval. The School applies its disciplinary measures at its discretion and has the final decision in all disciplinary matters.

School Dress Code

Students are expected to dress in a manner appropriate for an academic environment. Our dress code is fairly relaxed so we are including the following guidelines so we are all clear about what is appropriate and what is not. We have adopted the upper school's 6Bs. Clothing should be clean and in good condition, and should be suitable for the tasks at hand.

- The “**6Bs**” are here to assist students.
 - **NO BRAS**... no spaghetti straps...no lace tops with bras showing underneath...no dark bras under light shirts...no visible bra straps
 - **NO BOXERS**...no underwear (boxer briefs, briefs of any kind) showing
 - **NO BREASTS**...no tops, sides, bottoms of breasts...no cleavage lines...no exposed breasts (no low cut shirts)
 - **NO BACKS**...no open back shirts...no skin showing bellow the shoulder blades (bra line)
 - **NO BELLIES**...no midriff shirts...t-shirts must cover the midsection (even when sitting)
 - **NO BUTTS**...no skirts or shorts that do not provide complete coverage...one should be able to walk up stairs, sit in any kind of seating, bend to pick up something on the floor without exposing undergarments or skin.
- Closed-toed shoes must be worn in the science labs and in certain Arts classes. Flip-flops and shoes with heels or platform soles are not recommended.
- No ripped or torn clothing.
- No clothing with drug or alcohol references.
- Hats may be worn every Friday (Hat Day). On other days, students must remove hats upon entering school buildings.

Please note: All team psyches should be coordinated through the coach and Middle School Athletic Director and must abide by dress code rules.

Students who are found to be out of dress code will receive a warning slip and will be asked to change into appropriate clothing. The School reserves the right to make decisions about the propriety of clothing worn to School.

Eighth Grade Closing Ceremony Dress Guidelines:

Formal dress for boys: collared shirts, ties, slacks. Jackets are optional (no jeans, no athletic shoes). Formal dress for girls: a dress, slacks/skirt and top. No strapless dresses. (*Please note: This is not an all-white dress event.*) No flip flops. Decent and respectful clothing is expected at this event. For example, no clothing that exposes underwear and nothing too short.

Middle School Academic Information

A detailed overview of the MS program is provided in the *MS Program Guide*, which is distributed at Back-to-School Night.

Homework: Homework is an important component of the academic life at the Middle School. Work outside of the classroom helps students to expand the knowledge and the skill that they have gained during class time. The homework enables students to develop a greater facility in following directions, managing

time effectively and developing independent study skills. At the parent evenings in the fall, School and home expectations about homework will be discussed.

Students usually have homework for each class and can expect to spend an average of two hours each day on homework. However, students work at varying speeds and individual students will take a shorter or longer time to do the required work well. Some nights are heavier than others due to projects and/or the bigger assignments/test preparation; some students learn to use their time during E block more efficiently than others. We strive to teach organization through advanced planning and time management. Parents who think that their child's homework pattern is problematic, whether the child is spending too little, or too much time, should call the advisor.

Some students need help in organizing their time and place of study; parents can help here as well by setting a time during which homework is to be done. All interruptions should be avoided. During this time electronic devices should be turned off and calls and texting should not be allowed.

Test/Project Policy: Major test/project due dates are coordinated within the faculty. Students should have no more than two on one day. If there are any conflicts, students should check in with their teachers and/or advisor in advance.

Academic Support: There are many avenues of academic support here at the Middle School, beginning with teachers and continuing through advisors, Grade Dean, and up to the Director of the Middle School. Classroom teachers and advisors help students acquire study skills on a regular basis. Organization, the BB&N Academic Planner, reading skills, and study strategies are examples of topics discussed in classes with teachers. Teachers are available for extra help and if students are not sure when or how to connect with teachers, they should ask. E Block is our unique extra-help block each day and each department posts schedules, availability and location. Our Learning Specialist is also available to discuss the supports on campus for organizational strategies. There are also many online resources through the Middle School library page.

E Block/extra help /in-school work time: Midday, we have E block for in-school work time and extra help as well as a few extra-curricular activities. Students should use this time to get homework done and/or connect with available teachers for extra help or make-up work during office hours. If students are not sure how to access extra help, they should always check in with their teachers and/or advisor. Learning to make good choices and managing time and priorities are important ongoing goals. E Block was designed to support students by creating a break as well as access to teachers and fellow students during the school day. There is also limited access to the Library Learning Commons. Students are given freedom to make choices. We ask that over time, our students seek out support from teachers and advisors and eventually learn to self advocate.

Academic Honesty: The faculty at BB&N is concerned as much about a student's moral development as about a student's intellectual growth. Honesty and personal integrity are prized more than academic achievement, though the rewards may not be so obvious. Although academic achievement should be every student's goal, it should never be won dishonestly. The faculty's basic wish is to trust the word and work of every student. So, when students submit work, the faculty assumes the students have been truthful. This includes all kinds of work in all subjects. However, if a student claims to have done work, which she or he has not done, if a student attempts to deceive a teacher about work, there has been a serious breach of trust.

Such academic dishonesty is cheating. Furthermore, it is also cheating to help another student to be deceptive. *Academic dishonesty—cheating—has serious consequences.*

The School wishes to encourage cooperation in learning. Learning together can be fruitful and can lead to deeper understanding of concepts. At the same time, the School wishes each student to develop independence, self-reliance, resourcefulness, and individual learning skills. The faculty wants to see the ability and achievement of each individual student. It is, therefore, extremely important for every student to gain a clear understanding of what kinds of outside help are acceptable and when the use of such help is unacceptable. Collaboration, a valuable skill, is when both students contribute to the process equally. *Copying, a form of cheating, is when one student does the work and another student takes it as his or her own.* If a student uses an outside source, whether a book or the Internet, and borrows passages or ideas, he/she must cite that source. The student must not hand in another author's work as if it is his/her own. *This is a serious form of cheating called plagiarism. Any repeat offense is viewed very seriously and could put a student on disciplinary warning or beyond.*

During tests and quizzes, the work is to be completed by the student without any help. Students must position themselves so they cannot see another student's paper and they must keep their eyes on their own paper at all times. Until all the papers have been handed in, there must not be any communication among students in any way. It is also considered cheating to ask or tell students in another section of a course the content of the test they will be taking later. *A good rule of thumb is that cheating occurs when a student deceives a teacher by misrepresenting who can claim credit for the work that he or she has submitted. When a student is not sure, he/she should ask the teacher. While the ultimate goal is education, there are always academic penalties for cheating and/or plagiarism.*

***In the opening weeks of school, students will go over the AHC (Academic Honesty Contract) and bring it home for signatures.*

BUCKINGHAM BROWNE & NICHOLS ACADEMIC HONESTY POLICY

"Copyright is a form of protection given to the authors or creators of 'original works of authorship,' including literary, dramatic, musical, artistic and other intellectual work." Whenever you create a poem, a paper, a website, podcast, a drawing or other artwork, you automatically own the copyright to it. ©
"Copyright Basics." Copyright Kids! The Copyright Society of the U.S.A., n.d. Web. 25 Sept. 2013.

MS ACADEMIC HONESTY CONTRACT

A student does his/her own work, unless collaboration is specifically directed by teacher.

Academic dishonesty includes, but is not exclusive to:

- looking at another student's test or quiz
- having another write or contribute to answers
- using another's work without attributing/citing the source (below) – especially copying and pasting from the internet and/or another student's paper, test or quiz

The following must be attributed/cited in text note (immediately after the passage – see examples below) AND in bibliography:

- all paraphrasing of a paragraph or idea must be attributed (Rogers, p.54)
- copying 4 or more words must be attributed (Billings, p. 97)
- all quotations “must be attributed” (Mejail, p.2)
- pictures must be attributed (Esteves, p.33)
- video or audio clips must be attributed

Collaboration, when allowed, means equal participation in the process by two or more people. Peer editing is a good example.

Protocol for Review of a possible AHP violation:

1. The teacher will discuss the infraction in question with the department head, or another department member, if the teacher is the department head.
2. If they both feel that plagiarism has occurred, they will discuss it with the grade dean and the advisor.
3. The student will meet with his/her teacher and the advisor, unless the advisor is the teacher, in which case the student will meet with his/her teacher and the grade dean. The department head should always be in the loop.
4. If the conclusion of that meeting is that the Academic Honesty Policy has been violated, the director will be informed.
5. The advisor will inform the student's parents.

Penalties/Actions for academic dishonesty will include:

- grade reduction – no credit for plagiarized work
- notification of the director; grade dean and advisor
- notification of parents by advisor

Additional consequences may include:

- additional work – but for reduced credit
- potential further disciplinary action
- session with librarian reviewing how to prevent plagiarism

Repeat offenses will have more severe consequences.

My signature below confirms that I have read the above policy, understand it, and agree to abide by it.

Student Signature _____ Date _____

Student Name, printed legibly _____

Parent/Guardian's Signature _____ Date _____

Library Learning Commons (LLC): The LLC provides resources for the students' courses as well as books for recreational reading. When visiting the LLC with their classes, the students are instructed in library organization as well as the use of print and digital resources. Our print collection has been built with care over many years with the goals of providing complete support for the curriculum as well as offering books for pleasure reading. Our electronic resources are growing as we continually search and evaluate new appropriate web sites and electronic databases for student use. During E block and free time, the students can continue their research with the librarian's help as well as take advantage of the large fiction collection.

Tutoring Procedures and Guidelines: Please refer to the [All-School Policies & Information PDF](http://www.bbns.org/handbook) at www.bbns.org/handbook.

Exams: 8th grade students take written examinations, of a 90-minute duration, in various graded subjects at the end of the year. These exams are meant primarily as a learning experience and to prepare students for a successive number of timed tests that they can anticipate at the Upper School. Eighth Graders take exams in math, foreign language and science. Students are shown how to prepare for exams by their teachers. Guidelines for preparation are distributed to students in advance. Dress code does apply.

Grading Guidelines:

Each department has established grading guidelines. Although the various departments may stress somewhat different objectives and skills, all grades reflect the following: quality of performance in both class and homework; competence in skills appropriate to the subject (i.e. writing, computation, etc.); grades on quizzes, tests and examinations; quality of effort and degree of responsibility shown by students in doing work; participation in class, etc.

A - Outstanding performance in all major course areas;

B - Distinguished performance in most major areas;

C - Satisfactory completion of course requirements;

D - Inadequate performance; minimal completion of course requirements;

F - Unacceptable performance in most major areas;

I – Incomplete (because of work that is legitimately late). Incompletes are rare and usually apply to medical absences/leaves.

A plus on a letter grade equals 7-9; a *straight* letter grade equals 3-6. *A minus* on a letter grade equals 0-2. For example, B- (80-82); B (83-86); B+ (87-89).

Middle School Arts Department Grades:

- **Exceptional**-*Outstanding results and performance in all aspects of the course.*
- **High Pass**-*Distinguished results and performance in most aspects of the course.*
- **Pass**-*Satisfactory results and performance in aspects of the course.*
- **Low Pass**-*Inadequate performance and minimal completion of course content.*
- **Fail**-*Unacceptable results and performance in most aspects of the course.*

Although the School's guidelines provide one measure of a student's competence, students and parents should read the student's comments carefully to ascertain whether a student is working at a level commensurate with his/her ability.

Teacher Comments /Advisor Comment: Our academic year is divided into two semesters and reports are posted online four times a year. *Mid-semester Progress Reports* are available in November (with a follow-up teacher conference) and April. These are interim reports and are meant to give a “snapshot” of progress midway through the semester. *Semester Reports* are sent in January and June. While there is a range of communication from Advisors, a written Advisor comment will accompany the Semester Report in January. Students formally discuss their reports with their advisors three times a year at the end of the quarter, but informal discussions of progress may happen at any time. ** Please note: In most cases, students will go over the reports with their advisors *before* the reports are available online to parents.

Reports are to be read by parents and student. Teachers try to be very supportive of student efforts while, at the same time, being honest about a student’s progress. The balance can be hard to find; we want parents to know just what is happening in School without discouraging a student who is trying. Parents should read reports carefully, noting what their child is doing well and what is causing difficulty so that a real understanding about progress and challenges can be gained. Parents are encouraged to call advisors or teachers with any questions and/or concerns.

MS Promotion Requirements:

BB&N recognizes that many students entering the Middle School may be receiving cumulative grades in multiple subjects for the first time. It is our intention to work with students and families during this process, providing students and parents with appropriate teacher/advisor communication. See Advisory Program **page 12**.

In determining promotability to the next grade, BB&N looks for evidence of:

1. A satisfactory academic record (see below;)
2. Individual growth and independence with the necessary skills and work habits for work at the next level

If the criteria for #1 OR #2 is not met, then a student will be referred to the Academic Review Committee (ARC).

** *The first criteria is measured by the **year-end** grades earned by a student.*

A satisfactory record for promotion from 7th to 8th consists of:

- *No Failures;*
- *No more than two year-end grades in the D range.*

A satisfactory record for promotion from 8th to 9th consists of:

- *No Failures;*
- *No more than one year-end grade in the D range.*

** *The second criteria is measured by the feedback and observations from teachers, Advisor and/or Grade Dean.*

Each student’s progress is documented and reviewed at mid-semester and semester end. Any student receiving two or more grades of C- or below, one D, or an F at the mid-semester and/or semester end will be reported to ARC.

A teacher, Grade Dean and/or Advisor will also report to ARC any student about whom they have concerns regarding the second criteria regardless of whether or not the academic record is satisfactory. Teachers, Grade Dean, Advisor will share their assessment of the student’s ability to successfully handle the

complexity, depth and increased demand of the next level. *As examples, they consider a student's motivation, class preparation and participation, and the ability of the student to be an independent learner, achieving success without excessive support structures.*

In general, a student who is deemed to be in academic difficulty will be placed on *academic warning* and/or *probation* by letter, as appropriate. The student, parents, advisor, Grade Dean and/or Director will be in contact to plan specific steps.

The *Academic Review Committee (ARC)* officially meets twice a year to review students of concern and recommends a course of action to the Middle School Director. After this complete review, ARC will make a formal recommendation to the MS Director regarding promotability (including the possibility of withholding a contract for upcoming year or withdrawal). Outcomes of these meetings are documented and shared on an as needed basis. Also, any student without a full course load is cause for serious academic concern and is referred to ARC. The Director accepts or amends the ARC recommendation as he/she deems appropriate.

The Head of School has ultimate authority to review and amend the recommendations of the ARC and the Campus Director. The School reserves the right to require withdrawal of any student whose achievement or behavior is determined to be unacceptable. The decision of the School in this regard is final.

Technology Use Policy: Please refer to the [All-School Policies & Information PDF](http://www.bbns.org/handbook) at <http://www.bbns.org/handbook>

During opening weeks, students will go over the expectations of the RUP and it will be signed by both student and parent/guardian.

Middle School Athletics Program

Physical education and interscholastic sports are an important part of student life at BB&N. Students are expected to participate in physical activity throughout their career at BB&N. We offer a well-rounded program of fitness education and team sports. For more information on the Middle School Athletics Program, please refer to the [Athletics Policies & Information PDF](http://www.bbns.org/handbook) at www.bbns.org/handbook.

Transportation

MS Pick-up and Drop-off Guidelines:

The purpose of our traffic and parking guidelines is to ensure student safety and to minimize congestion and confusion. In most cases, pick-up is the most congested time. Watch for the directions of BB&N staff on duty during pick-up/drop-off. It is important that cars do not block key points or the flow of traffic will come to a stop.

In order to help us manage this plan, we ask the following:

- Use the far driveway to enter.
- Upon arrival in the School parking lot, pull up inside the yellow queuing line in front of the main building and **live park** along the inside (as close as possible) of the yellow line. Move cars forward when a space appears.
- To ensure safety, students need to enter/exit cars only when the cars are waiting in the queue line in front of the main building (inside the parking lot). We cannot have students walking in between cars within the parking lot or on Sparks Street. At pick-up, once you have your passengers in your car, you may pull out of the queue line and exit the lot.

- You may not leave your car unattended. The queue line is live at all times to keep the flow moving.
- Please observe the *No Idling* request.
- Do not block Clement Circle or our neighbors' driveways as you wait. There is only room for the live queue line on the left-side of Sparks Street. We must follow the City's rules and we cannot have a line of cars on Huron Avenue or on the right-side of Sparks Street. If the live queue line is full, you need to go around the block. Also, please do not block our driveway exit; be sure to leave enough room for the exiting car to make the left turn (watch for traffic cones).
- You might want to delay your arrival—the congestion lasts only about ten minutes! Thank you for your support.

MS Parent Parking Guidelines:

As an urban school, our parking is limited. *All parking in our School lot is reserved for faculty.* Although you will most likely have to park off-campus, we welcome your visits. **Between drop-off and pick-up times, parking is allowed in the live pick-up line in front of the building.** For Middle School parent events, such as the Back-to-School Night and Parent Association meetings, we request special parking considerations from the City of Cambridge. You should not be ticketed as the City of Cambridge Parking Department has a list of these events and has kindly extended this courtesy to us. All other visits and meetings require that you find legal street parking. Parking is available on Brattle Street and metered spaces can be found on Huron Avenue; there are Cambridge Resident spaces further down on Sparks Street. *Please note that some of the smaller roads around us are actually private and you could be towed.* Thank you in advance for your cooperation.

Bus Transportation:

For more information check the Middle School Transportation page on the School website, or call Laurie Bean at 617-800-2739.

Carpools: Carpools are arranged by parents. Check the Community Directory for the names of other students from your community, then telephone conveniently located families. Some neighborhoods hire a transportation service rather than driving the carpools themselves. During *No Sports Weeks* and special days such as field trips, it is expected that families will inform carpools and transportation services about situations where pick-up time and location may vary.

Public Transportation: Bus 72 (Watertown Square) and Bus 74 (Waverley) provide service to Harvard Square every six minutes. The bus stops are located along Mt. Auburn Street. Bus 78 also provides service to Harvard Square and can be met out by Concord & Huron—St. Peter's School stop.

Walking, Bicycling, Skateboarding, etc.: Students who arrive on foot or bicycle should cross streets near the School only at a crosswalk. Shortcuts through neighbors' properties are not permitted. Bike riders must wear helmets and should enter and leave School grounds by official entrances. At the Middle School, students must walk bikes once they enter the parking lot from Sparks Street. Riding skateboards and rollerblades are prohibited at the Middle School.

Sports Bus & Field Trip Procedures:

- Students must wait at the front steps until a faculty member tells them to go to the buses.
- Students must not walk between buses, but should go around the back of the last bus.
- Students should ride only on the bus designated by the teachers or drivers.

- Students should be dressed appropriately in the cold months.
- Missing the bus means a warning slip.

En Route:

- All school rules obviously apply.
- A faculty member must be on each bus.
- Noise must be kept to a minimum.
- All students must remain seated.
- No eating or drinking.

Emergency Communication

In the case of a genuine family emergency, call the Middle School Office at (617-800-2331) and we will arrange to contact a student immediately. Please refer to the [All-School Policies & Information PDF](#) at www.bbns.org/handbook for more information.

Other Policies & Guidelines

Drugs, Alcohol, and Tobacco: Consistent with the School’s mission of fostering healthy attitudes and practices, BB&N prohibits possession or use of illegal substances including tobacco, alcohol, and drugs. The School makes every effort to discourage the improper use of drugs and alcohol. During their two years at the Middle School, students meet with the leader of the Wellness Collaborative to learn about mindful decision making and the impact of choices relating to drugs and alcohol. There are parent events during this program in both the Seventh and Eighth Grades. The use of drugs, alcohol, or other controlled substances is illegal. Possessing, using, selling, or being under the influence of alcoholic beverages, marijuana, or other controlled substances (except by prescription) while on School grounds and/or during any School-related activity will trigger the severest disciplinary response up to and including expulsion. Please see our section on the Discipline System. BB&N is a smoke-free campus. Students are prohibited from using tobacco or tobacco products while on the School grounds or during any School-related activity.

Violence and/or Threats of Violence: Any student behavior which fundamentally goes against the community values expressed in our School motto: Honor, Kindness, Scholarship, will be investigated thoroughly. A serious breach in this code of behavior will trigger a severe disciplinary response up to and including expulsion.

Bullying: Please refer to the [Anti-Bullying policy](#) at www.bbns.org/handbook.

Harassment: Please refer to the [All-School Policies & Information PDF](#) at www.bbns.org/handbook.

Hazing: Please refer to the [All-School Policies & Information PDF](#) at www.bbns.org/handbook.

MS Procedures for Educational Evaluations

Referrals: In most cases, concerns are raised by teachers or advisors when a student is struggling academically or is presenting social/emotional behavior that warrants monitoring.

Students identified are usually discussed further by the MS Director, the MS Learning Specialist, and/or the MS Counselor prior to recommending testing to the parents.

When considerable concern has been raised about a student academically or when the student presents a real “puzzle,” a conversation with the student’s parents is initiated most often by the MS Director, in consult with the MS Learning Specialist and MS Counselor to explore the idea of pursuing an educational evaluation.

Once the family has agreed that testing would be beneficial, the MS Learning Specialist or MS Counselor refers the family to a clinician who is appropriate for the testing needs of the individual student and his or her family.

Parents often decide on their own to pursue testing due to their own concerns about their child’s achievement, or because of considerations of applying to other schools, standardized test performance, etc. We encourage parents to share reports with the Middle School.

Sharing of Testing Information: The procedure for receiving and housing testing is as follows:

1. The MS Learning Specialist houses all testing on students separate from MS students’ permanent academic files. Parents are made aware of this procedure during initial discussions with the School about pursuing testing.
2. Parents are encouraged to meet the MS Director, Learning Specialist, or Counselor to discuss testing results, and are informed how testing results will be shared with teachers.
3. In some cases, a summary of the testing results and instructional recommendations for teachers is drafted, shared, and discussed with the individual student’s teachers.
4. In those cases when a student is eligible for extended time, it is the responsibility of the student’s advisor to ensure the student understands the steps needed to receive the accommodation of extended time on tests and exams.

Once Students Move on from the MS: Testing is passed along to the Upper School at the end of the Eighth Grade.

Guidelines for Guests: BB&N students have an unusually full School day. Guests of BB&N students are welcome according to the following guidelines:

- Alumni/ae are welcome at any time, but are asked to be sensitive to the schedules of faculty and students they wish to visit. All guests should sign in and out at the Front Office.
- A family may request permission for one-day visiting privileges by talking to MS Director or Director of Admission. The hosting student is responsible for alerting his or her teachers before the day of the visit, and for receiving their permission before having the visitor attend class.
- Former Students (not graduates): Students who withdraw for various reasons are welcome to attend BB&N sporting events and extra-curricular programs that occur outside of the normal School day. To visit during class hours, former students need an appointment with a faculty member. Faculty are asked to inform the Front Office when they are anticipating such appointments. For students who were required to withdraw from BB&N for disciplinary or academic reasons, there may sometimes be additional restrictions on visiting privileges in the best interest of current students or of the former student. In these instances, students would be informed of any restrictions at the time of withdrawal.
- Visiting privileges may be suspended for any person at any time by the Campus Director. All guests must be accompanied by a student or School employee while on School property.
