## Dear BB&N Community:

Wow! What a year.

As you will see in this annual report, the BB&N community provided \$14.7M this year in support of our school. That is simply incredible, and I want to begin by thanking each and every one of you for your commitment to this incredible school. Simply put, we could not do it without you.

This year saw the return of some important traditions that define our community, including re-engaging in our global travel programs, getting back on the road for alumni events, bringing back the One School One World celebration, and honoring deserving faculty with chairs and instructorships. In addition, we brought forward new and exciting experiences, such as awarding a second round of innovation grants to faculty, hosting a regional conference about AI in Education, developing and staging an all-school arts festival, and playing games and holding practices on our extraordinary new Grove Street fields.

We also worked to re-examine our core values at BB&N. In conjunction with the importance that our motto—Honor, Scholarship, Kindness—holds in our community, we wanted to sharpen our expression of the essential principles that guide our behaviors, actions, and decisions. Through an inclusive process, we refined these values to better serve as a cornerstone for our daily shared experience:

### Inquiry

We promote curiosity and critical thinking to inspire a lifelong love of learning.

### Integrity

We strive to be honest, conscientious, and accountable in our actions even when no one is watching.

### Belonging

We foster a culture of respect, well-being, and connection that values all individuals and empowers them to discover and be their authentic selves.

### Kindness

We strengthen our communities by recognizing our common humanity and treating ourselves and others with respect and compassion.

These values are coupled with a revised mission statement:

*BB&N is an academically excellent, diverse, and inclusive community where students develop into lifelong learners who lead with kindness, curiosity, and integrity. We prepare students to be responsible and open-minded as they engage with the world around them.*

We have clearly defined who we are, what we stand for, and the value that a BB&N education brings to our students and hopefully our world.

Thank you again for your support. The BB&N community thrives because of you.

Best,

**Jennifer Price**

Head of School

## The BB&N Fund: Investing in Excellence

The BB&N Fund is the school’s main giving priority, and allows us to say **“yes.”** The Fund allows us to say yes to innovative academic programs; yes to financial aid for bright and motivated students; yes to new global experiences; and yes to helping us pursue excellence for our students, now and in the future.

**Thank you** to the more than **1,550 donors** who came together last year to contribute more than \$3.4 million to The BB&N Fund and said **“yes”** in support of:

- Academics
- Arts
- Athletics
- Equity & Inclusion Programs
- Faculty Support
- Financial Aid

All students, faculty, and staff benefit from The BB&N Fund, which supports all areas of school operations, and provides the financial resources each year to ensure BB&N continues to be accessible and affordable for students of exceptional promise.

**\$180,195**

*BB&N's sixth annual Day of Giving raised more than \$180,000 from 275 donors who “supported what they love” about BB&N.*

### Day of Giving

BB&N celebrated its seventh annual Day of Giving in April. Every spring, our community comes together for this one-day event when we celebrate our combined support and pride for the school. Each gift made to The BB&N Fund is used to support our students in their pursuit of academic excellence so they may continue to be successful in all that they do—in the classroom, on the field, on the stage, or across the globe.

This year, our Day of Giving raised more than **\$180,000** from **275 donors** including alumni, parents, grandparents, faculty, and staff. Thank you to everyone who supported what they love about BB&N!

### The Nicholas Family Challenge

In June, JK Nicholas '85 P'17,'19,'23 matched all gifts to The BB&N Fund dollar for dollar up to \$40,000 to honor his time as a BB&N parent and trustee. During this 24-hour Challenge, 72 donors contributed more than \$50,000 to The BB&N Fund to help us close out the year strong. In fiscal year 2023 alumni giving increased by 7%!

APPRECIATING OUR DONORS

Parents of the Class of 2023 Raise \$1.5 Million and Establish The Class of 2023 Visiting Innovator Program

Thanks to the generosity of parents of the Class of 2023, a total of \$1.515 million was raised in support of BB&N's strategic initiatives. To recognize their generosity, The Visiting Innovator Program is being established and named for the class as part of the Innovation Endowment Fund component of the school's comprehensive campaign.

The Class of 2023 Visiting Innovator Program will fund a visiting innovator each year who will lead workshops and community and professional development sessions during the academic year. In future years, members of the Class of 2023 will have the opportunity to be a part of the selection process for the Visiting Innovator, providing a chance for them to stay engaged with their former classmates, the school, and the program.

We are deeply grateful to the parents of the Class of 2023 listed on page 21 for their generous support this year, as well as to the parents who volunteered their time as members of the 2023 Senior Parents' Gift Committee. Thank you for your hard work on behalf of the effort!

*Liza Talusan, Ph.D. addressing faculty and staff at the Opening Meeting in August 2023*

**The first Class of 2023 Visiting Innovator is Liza Talusan, Ph.D.**, an educator, facilitator, and strategic change partner for organizations, corporations, leadership teams, schools and individuals who are looking to build their skills in areas of diversity, equity, inclusion, justice, and leadership.

The author of *The Identity-Conscious Educator*, Dr. Talusan is leading four all-school professional development sessions with faculty and staff throughout this year, to support BB&N's collective capacity to become an even more inclusive school by understanding and embracing the identities of all members of the community.

\$1.515M

*Class of 2023 parents contributed more than \$1.5 million to BB&N in support of The BB&N Fund and campaign objectives, and to name the Class of 2023 Visiting Innovator Program.*

## New Destinations and Programs for Student Travel Draw Increased Interest and Opportunities

In the first year of international travel since the pandemic, an increased number of Middle and Upper School students took advantage of a number of travel opportunities, thanks in part to support from generous financial aid from spendable and endowed funds.

In 2023, students were able to travel to a variety of destinations to explore the countries' culture and language. As they have in the past, Upper School students traveled to France and Spain and had the opportunity for home stays, while the traditional Russian exchange program was adapted to visit countries along the Adriatic coast with ties to Russian language and culture.

A new Arabic program in Oman and Dubai provided an opportunity for students to be immersed in a different culture and practice their language skills, while Middle School students had a chance to explore Greece over spring break and Mexico this summer. Upper School students were also able to attend international Round Square conferences in England and Morocco, as well as a fall 2023 Round Square conference in Kenya.

**\$158,700**

*Nearly \$159,000 was distributed last year to 41 students on financial aid to allow them to participate in travel programs and international Round Square conferences.*

These experiences are life-changing for students and in many cases change their future paths.

“I benefited from this experience by learning more about Spanish culture and history. This added layer of understanding will enhance my study of Spanish back at BB&N and will allow me to be a more informed global citizen.”

“I have benefitted in multiple ways from this experience and have created new relationships with people that I hope will last me a lifetime. I've also found a new sense of self by making it through one of the most uncomfortable experiences of my life but being able to enjoy it greatly!”

“I think that it was different to travel as this type of global citizen.... It was a new experience for me and it taught me the importance of making lots of different friends in other places as it gives you a range of perspectives and cultures.”

“The trip has given me more of a desire to help others and be civically responsible. Seeing amazing things and cultures in a far-off place helped me to understand the responsibility that each and every one of us, as humans, have to our fellow people and all of humanity as a whole. We should be working to preserve these incredible cultures and the world they inhabit, and I think this trip helped crystallize that feeling for me.”

THE BB&N FUND BY YEAR 2019-2023

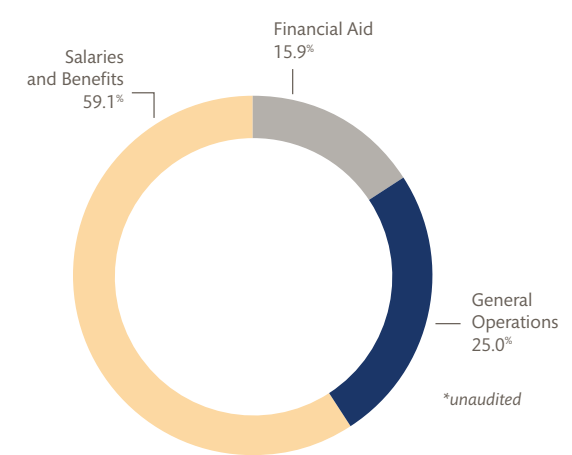

“I continue to give to The BB&N Fund because my time at the school opened up opportunities that otherwise would have not existed. As the Class of '74 looks forward to celebrating our 50th Reunion, I hope our continued support will provide future generations of BB&N students with the opportunities afforded to me fifty years ago.”

THE 1974 LEADERSHIP SOCIETY

*The 1974 Leadership Society recognizes BB&N alumni, parents, parents of alumni, grandparents, and friends who have provided the school with an especially strong financial foundation.*

*The name of the Society recognizes the year in which two Cambridge academic institutions, Browne & Nichols and Buckingham, merged and brought together their traditions of excellence to form what we now know as Buckingham Browne & Nichols School. We look forward to celebrating the 50th anniversary of this merger year in 2024.*

*The 1974 Leadership Society donors listed below made gifts, pledges, pledge payments, or planned gift intentions totaling \$2,500 or more for operating, capital, or endowment purposes between July 1, 2022 and June 30, 2023.*

*NOTE: In recognition of BB&N's continuing commitment to equity and inclusion throughout the school and in all programs, we have eliminated the levels of giving within the 1974 Leadership Society donor list, and are pleased to acknowledge the generosity of all leadership donors listed below.*

THE ALMY SOCIETY

*Each year, thoughtful individuals and families invest in the school's future through their estate plans. There is a unique story behind every one of these legacies, but they all have the same ultimate goal: to maintain the strength, integrity, and value of the BB&N experience for future generations of students.*

*If you have arranged to support BB&N through your charitable estate plans like the generous alumni, parents, and friends recognized here, please contact Mike O'Brien at 617-800-2722 or mobrien@bbns.org so we can welcome you as a member of The Almy Society.*

## Alum and Former Math Teacher Supports New Math Curriculum for Grades 6-8

For Lee Ginsburg Herbst '53—Buckingham alum and former Buckingham and BB&N math teacher—and her late husband Arthur Herbst, philanthropy has long offered the opportunity to inspire students and faculty in a subject about which they are deeply passionate.

More than ten years ago, the Herbsts established an endowed fund with the purpose of supporting extracurricular math initiatives such as the Middle School Girls' Math Collaborative. It is no surprise, then, that they jumped at the opportunity to be a part of a new chapter of math education at BB&N.

As part of the school's strategic plan for curriculum alignment for grades B-12, BB&N will be implementing Open Up Resources as the math curriculum for grades 6-8 beginning this school year. The goal of this change is to enhance students' critical thinking and problem-solving capabilities, align the approaches to curriculum and instruction between the Lower and Middle School campuses, and best prepare students for the Upper School math program.

The Herbsts' generous gift funded crucial professional development for this initiative by supporting the review, piloting, and selection processes for the new curriculum as well as initial faculty training.

*BB&N honored 792 alumni, parents, grandparents, faculty, staff, and friends as members of the Knights' Circle, which recognizes five or more years of consecutive giving in support of the school's annual, capital, and endowment programs.*

APPRECIATING OUR DONORS

CURRENT PARENTS

BB&N is extraordinarily grateful for the generous financial support provided by current families who made gifts and other commitments totaling nearly \$4.8 million this year.

Listed below are all parents who made gifts or pledges to to The BB&N Fund, the Parents’ Association Faculty and Staff Appreciation Fund, or to the school’s capital and endowment priorities between July 1, 2022 and June 30, 2023.

Those parents with a 🏡 following their name are members of BB&N’s Knights’ Circle which recognizes those who have made gifts to BB&N for five or more consecutive years. We are truly grateful for their consistent and loyal support which helps BB&N sustain the academic excellence for which the school is known.

GRADE 12/SENIOR PARENTS' GIFT

Under the leadership of Senior Parents' Gift Co-Chairs Eric and Michelle Lev, Charles Rudnick and Ilyse Greenberg, and a committee of 20 dedicated parent volunteers, the Class of 2023 parents raised \$1.515 million to support BB&N's annual and capital priorities.

Those parents with a following their name are members of BB&N's Knights' Circle which recognizes those who have made gifts to BB&N for five or more consecutive years. We are truly grateful for their consistent and loyal support which helps BB&N sustain the academic excellence for which the school is known.

APPRECIATING OUR DONORS

ALUMNI

BB&N alumni continued to provide crucial support for The BB&N Fund, capital and endowment giving initiatives during 2022-2023.

Listed below, by class and school, are all alumni who made gifts and commitments of nearly \$8.8 million to The BB&N Fund or to a capital/endowment initiative during the 2023 fiscal year (July 1, 2022 - June 30, 2023).

Those alumni with a 🏆 following their name are members of BB&N's Knights' Circle which recognizes those who have made gifts to BB&N for five or more consecutive years. We are truly grateful for their consistent and loyal support which helps BB&N sustain the academic excellence for which the school is known.

## BB&N Arts Fest:

### Ross MacDonald, Upper School Theater

The inaugural BB&N Arts Fest was a celebration of art created by students on all three BB&N campuses during the spring term, showcasing the creative opportunities in which BB&N students discover their artistic selves at all grade levels. The BB&N Arts Fest included a wide range of exhibits and performances that were already scheduled to take place across all three campuses, as well as a closing day of events including a mobile gallery, talkback session, online displays, and end-of-year revue shows.

Bradley Shen '29, Eli Kesselheim '29, and Siran Arakelian '29 with Lower School drama teacher Jenny Lifson following their performance of scenes from the Sixth Grade Musical Frozen Jr. at the 2023 Arts Fest

“For me, the BB&N Arts Fest provided another memorable moment in the brief few years I have been at the school. From ‘regular’ theater to hybrid films in all seasons, to now an Arts Fest in 2023, the school has given me quite a few challenges and opportunities.

The 2023 BB&N Arts Fest was the culmination of a 16-month long project from inception to execution. It was wonderful to see so many community members in an All-School event on June 3, 2023, and the rare treat to revisit a number of projects with a new audience. From inspiration to the final performance, we showed our community how significant a role art plays in our community.”

## Upper School Round Tables:

### Michael Chapman, Upper School Dean of Teaching and Learning

With the support of an Innovation Grant, Round Tables kicked off in September at the Upper School. In the words of project manager Michael Chapman, Round Tables aim to help faculty “break down the silos of departmentalization” and “come together in small interdisciplinary groups.... to discuss a particular topic, practice, or inquiry for the year” that directly enhances the student experience. Each Round Table, led by a faculty facilitator, will meet seven times throughout the academic year, culminating in an Adult Learning Showcase.

## Upper School Serenity Room:

### Amani Abu Shakra, Upper School Arabic

This grant funded the transformation of the seating area of the Upper School faculty room into a Serenity Room where faculty and staff can utilize the space to prioritize their mental wellbeing. The space has been designed to allow faculty and staff to take breaks during the day to de-stress and recharge, as well as provide space to practice mindfulness and meditation.

“In keeping with the Upper School’s 2022-2023 goal of working ‘toward having all community members feel confident, connected, and cared for, both in and out of the classroom,’ as well as acknowledging the rising levels of stress among teachers. I started to reimagine the faculty room as a serene space and thus the Serenity Room idea was created.

I imagined it to be a space where faculty could come in at different times in the day, relax, chat with colleagues, sit in silence, or engage in a quick meditation or breathing exercise, and then return to classes or meetings energized and rested. With the support of the iGrant, the Upper School Serenity Room opened this fall and is now available to Upper School faculty and staff.”

PARENTS OF ALUMNI  
AND PARENTS OF FORMER  
STUDENTS

BB&N is honored and grateful to have the continued financial support of parents of alumni and former students who generously supported The BB&N Fund and other fundraising initiatives in 2022-2023. We continue to welcome all parents of alumni and former students to participate in community events throughout the year. We treasure the value of these relationships that continue to anchor and define the broader BB&N community.

Past parents with a 🏡 following their name are members of BB&N's Knights' Circle which recognizes those who have made gifts to BB&N for five or more consecutive years. We are truly grateful for their consistent and loyal support which helps BB&N sustain the academic excellence for which the school is known.

## Faculty Chairs and Instructorships Honor BB&N's Most Distinguished Faculty Leaders

BB&N faculty have long been one of the school's greatest strengths, as noted by many alumni, parents, and students. In a three-year tradition started during the pandemic, all faculty and staff have been honored by current families through the Parents' Association Holiday Faculty and Staff Appreciation Fund.

Additionally, for the past 15 years, some of the school's top educators have also been honored as recipients of a Master Teacher Chair or Future Leader Instructorship, and are permanently recognized on plaques on each of our three campuses.

Earlier this year, **Upper School English teacher Alda Farlow** was recognized as the latest recipient of the Barrows Family Master Teacher Chair, and longtime **Lower School science teacher Carol Fine** was honored with the Paideia Master Teacher Chair. Recommended by their peers for their exceptional leadership and contributions to the school community, these two educators are just two examples of what makes BB&N a special place to learn and teach.

Top: Lower School science teacher Carol Fine with Maya Webster '34 (left) and William Anderson '34 (right); Upper School English teacher Alda Farlow with Nathan Adam '26 at Bivouac 2022; Carol Fine and Camila Hayes '32

**Maria Elena Derrien, sixth grade technology teacher and Interdisciplinary Facilitator and MakerSpace Coordinator**, is the current holder of the Edgar H. Nichols Future Leader Instructorship. She recently reflected on some of the opportunities that were recognized through this honor.

“Throughout my tenure at the BB&N Lower School, I have had numerous opportunities to refine my skills as an educator. I started as one of the Lower School's science teachers, serving for twelve years. Over time, my role evolved into that of the Interdisciplinary Facilitator and MakerSpace Coordinator, allowing me to innovate curriculum, coach and lead teachers, deepen student learning, and engage in personal growth.

I [particularly] take pride in my involvement with the Innovation Team and am committed to supporting innovative teaching and learning practices, as I believe they best meet the needs of all our students. Additionally, I had the privilege of serving as a faculty presence on the Board of Trustees DEIG committee, where I collaborated with BB&N leadership to foster an anti-racist institution. Working on this committee has expanded my thinking, spurred personal growth, and enabled us to collectively address the challenges of promoting equity and inclusion in education.

Reflecting on my time at BB&N, I am grateful for the support I have received in both my professional and personal growth. While this support has been demonstrated in countless ways, receiving recognitions like the Edgar H. Nichols Future Leader Instructorship award truly validates the hard work and dedication that teachers invest in their jobs. It motivates us to continue pushing forward. Thank you for seeing and supporting me on my journey of continual learning and growth.”

“I am forever grateful for the generous donors who helped provide me the opportunity of a lifetime. I've always considered the financial aid I received to be an investment in me and I think my success in life has been a great Return on Investment.”

Professional Development Opportunities for Faculty and Staff Support BB&N Priorities

BB&N faculty and staff continue to benefit from a variety of opportunities for personal and professional growth, thanks in part to the generosity of donors to The BB&N Fund, endowed and spendable funds.

**In 2022-2023, BB&N provided nearly \$270,000 in funding for faculty and staff** to participate in one or more voluntary professional development opportunities, including conferences and workshops on and off campus, as well as All-School professional days.

“Attending the American Educational Research Association conference means that I am able to collaborate with and learn from educators from around the world about educational lenses such as early childhood education. The international perspective of conferences like AERA helps me to rethink pedagogy and practice, allows me to deepen my practice, and to grow and evolve as an educator and a collaborator with the children at BB&N.”

— Dana Bentley, *Beginners Teacher*

In addition, **37 curriculum development grants totalling close to \$70,000 were awarded in summer 2023 to 80 faculty and staff**, many of whom collaborated with colleagues across campuses and disciplines to expand and enhance programs for their students.

In September, grant recipients presented summaries of their work during a “curriculum share” with their colleagues that offered invaluable opportunities for faculty and staff of different departments, disciplines, and campuses to identify throughlines across each others’ work.

Reflections from curriculum share participants identified a number of commonalities across the projects, including student-centered, inclusive, and identity-focused initiatives.

“Everyone’s work had an eye toward including people of color’s perspectives—from physics to English to history—ensuring that we aren’t just teaching a traditional dominant white narrative, while also acknowledging that this work takes time and effort and funding.”

“It is exciting to see the ways in which folks from [all campuses] are commonly thinking about ways to create inclusive practice and themes of diversity within our work!”

“Our new value of “inquiry” was represented in the work we are doing across campuses. Students are being respected and trusted to dig into complex, relevant issues and to develop new lenses for looking at the world.”

“I am continually impressed by how dedicated and committed our faculty and staff are in improving their curriculum in new and exciting ways that benefit our students and families.”

**BB&N’s professional development budget also supported travel grants totalling \$43,000 to seven faculty and staff**, enabling them to travel with their family and friends to destinations including Ireland, Spain, Costa Rica, South Korea, and Japan. These opportunities provided a variety of personal and professional experiences that will enrich their teaching and curricula.

“My family and I traveled to South Korea this summer where my husband and I were both born before we immigrated to the United States in our childhood. I appreciated anew the cultural differences between the East and the West and more specifically, between Korea and the United States. As an adult, I am doing the work of rediscovering and honoring the Korean part of my identity that I have had to shield and hide while growing up.

There are three initial ways that I will incorporate my learning and experiences into my practice. First, I feel reinvigorated to study more about art from different cultures, past and present, so that I can expand what I teach to our students. Second, as a teacher, advisor, and community member, I am even more motivated to approach my practice with humility, inquiry, appreciation, and kindness as I work with the diverse students and families that make up our community. And third, I feel more comfortable with the discomfort of ‘not knowing’ and the joyful release to say ‘I don’t know, but I’d like to learn more...”

“I am grateful for the travel grant which helped support my trip to Ireland this summer. I traveled with my family, and we traveled over 1,100 miles around the island and did a nice balance of activities that were history related and nature related.

I plan to incorporate pictures and knowledge into my study of AP European History, especially with regards to the Famine, The Irish Civil War and road to independence, and the situation in Northern Ireland.”

BB&N MISSION AND VALUES

Revised 2023

Mission

BB&N is an academically excellent, diverse, and inclusive community where students develop into lifelong learners who lead with kindness, curiosity, and integrity. We prepare students to be responsible and open-minded as they engage with the world around them.

Core Values

**Inquiry:** We promote curiosity and critical thinking to inspire a lifelong love of learning.

**Integrity:** We strive to be honest, conscientious, and accountable in our actions even when no one is watching.

**Belonging:** We foster a culture of respect, well-being, and connection that values all individuals and empowers them to discover and be their authentic selves.

**Kindness:** We strengthen our communities by recognizing our common humanity and treating ourselves and others with respect and compassion.

**BB&N Motto:** Honor ~ Scholarship ~ Kindness

511

More than 500 parents, alumni, and grandparents volunteered their time to support BB&N's mission in 2022-2023 through the school's fundraising, Parents' Association, admissions, alumni engagement, grandparent, and past parent programs.
