Dear BB&N Community:

Over the past year we have been celebrating the 50-year anniversary of the merger of Browne & Nichols and the Buckingham School to create our beloved Buckingham Browne & Nichols. Over the past 50 years our school has changed in many ways, yet at our core we remain true to our commitment to our motto: Honor ~ Scholarship ~ Kindness.

Our commitment to develop lifelong learners who lead with kindness, curiosity, and integrity would not be possible without the generosity of alumni, parents, grandparents, faculty, staff, and friends. The support of our donors is one of the many reasons why BB&N continues to thrive.

As highlighted throughout this report, your support continues to make so much possible throughout all three of our campuses. You will see that we continue to support our commitment to making BB&N affordable for all families through robust and increased financial aid, including a new Financial Aid Fund established by the Class of 2024 Senior Parents' Gift.

Your support also allows us to provide robust support for summer curriculum development work, and makes it possible for us to make important improvements to our physical spaces. And for the third year, our Teaching and Learning Office awarded Innovation Grants to faculty and students who are bringing their creativity and new ideas to benefit our students. And that is just the tip of the iceberg in terms of the exciting things happening throughout our school.

These advancements would not be possible without your financial support, as well as the dedication of nearly 600 volunteers whose time and talents enhance and enrich our community every day. Thank you for all you do for our school. I cannot wait to see what our students will accomplish over the next 50 years. I'm so proud to be a part of this amazing community.

Best,

Jennifer Price

The BB&N Fund Celebrates 50 Years of Impact

Since the merger of the Buckingham School and Browne & Nichols to form BB&N in 1974, the philanthropic support of the BB&N community has enabled our school to grow and flourish. Throughout the past year, as we have honored and celebrated BB&N’s history and traditions over the past 50 years, The BB&N Fund has joined the celebration through its **50 Years of Impact** theme.

During the 2023–2024 academic year, 1,463 alumni, current and former parents, grandparents, faculty, staff, and friends came together to support The BB&N Fund, raising a total of \$3,504,555 to support:

- Academics
- Arts
- Athletics
- Equity and Inclusion Programs
- Faculty Support
- Financial Aid

For 50 years since the merger, The BB&N Fund has provided flexible resources each year to enable the school to fulfill our mission of being an academically excellent, diverse, and inclusive community where students develop into lifelong learners.

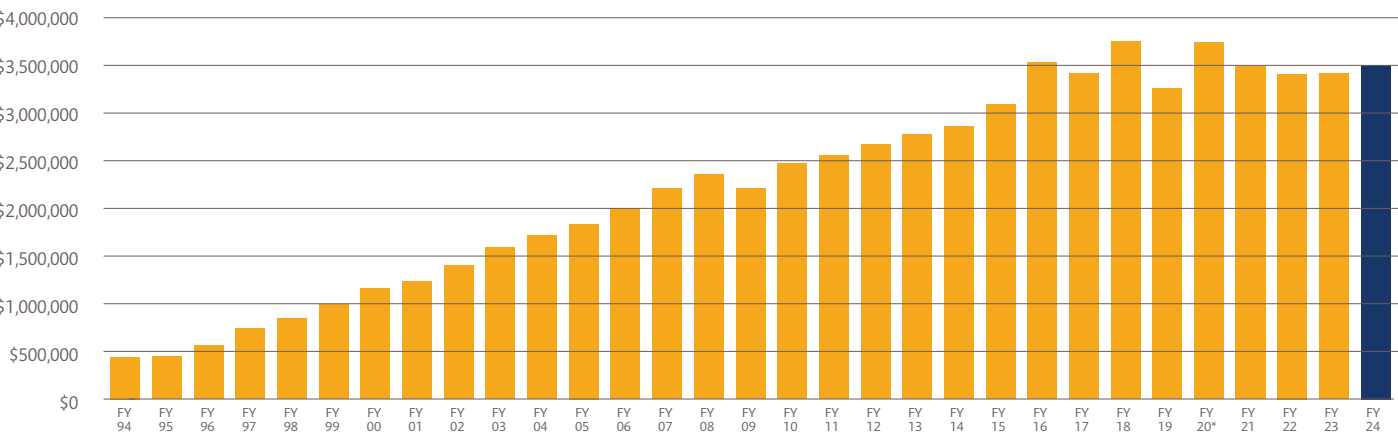

Our celebration of 50 years of impact is a poignant reminder of the remarkable partnership between BB&N and the community of donors who continue to invest in the school’s mission and future. Every gift, no matter the size, directly supports BB&N’s greatest assets: exceptional students, faculty, and staff; academic excellence and innovation; and a diverse, caring community. Thank you!

Day of Giving

On April 11, BB&N hosted its eighth annual Day of Giving, a one-day event when the entire BB&N community celebrated their combined support and pride for the school by making a gift to The BB&N Fund.

This year, in the weeks leading up to and on the Day of Giving, we received **373 gifts** from generous donors, beating our goal by nearly **150%**! By making a gift to The BB&N Fund, our community contributed to the legacy of honor, scholarship, and kindness.

2024 Senior Parents' Gift Continues Legacy of Generosity and Impact

For nearly 40 years, the Senior Parents' Gift program has provided an opportunity for parents of seniors to honor their graduates' BB&N experiences while demonstrating their appreciation for the faculty and staff.

In the years leading up to and including their senior parent year, parents of the Class of 2024 – the 50th graduating class of BB&N – made gifts and commitments totaling **\$6,544,272** in support of BB&N's strategic initiatives. Equally remarkable is the participation of **92%** of senior parents. Because of their incredible generosity, **The Class of 2024 Financial Aid Fund** will be established and named for the class.

The Class of 2024 Financial Aid Fund will augment the school's financial aid endowment to enable BB&N to be accessible to families with diverse economic backgrounds. A robust financial aid program is critical to BB&N's mission and allows us to reflect the vitality and variety of our surrounding communities.

Additionally, in recognition of their outstanding generosity and participation, the Class of 2024 will be honored and remembered by naming the walkway between the Nicholas Athletic Center and the Upper School academic building as **The Class of 2024 Connector**.

Thank you to the parents of the Class of 2024, and a special thank you to the members of the Senior Parents' Gift Committee whose commitment and hard work on behalf of this effort made these accomplishments possible.

\$6.544M

Class of 2024 parents contributed more than \$6.5 million to BB&N in support of The BB&N Fund and campaign objectives, to establish the Class of 2024 Financial Aid Fund and name the Class of 2024 Connector.

Sustained Commitment to Financial Aid Expands Access and Affordability

A robust commitment to financial aid has been one of BB&N’s core values since its founding. The generosity of our community of alumni, parents, grandparents, and friends, through both The BB&N Fund and endowed funds, enables BB&N to achieve our financial aid goals to:

- expand access to underrepresented and historically excluded communities and promote diversity in all its forms;
- lower the affordability barrier for students and families that are a strong fit to the school and aligned with our community’s values.

In 2023–2024, nearly \$10.9 million was provided in tuition grants to 251 students, with more than \$250,000 in additional funding for non-tuition expenses (including trips, transportation, technology, and tutoring) to enable financial aid students to get the full BB&N experience.

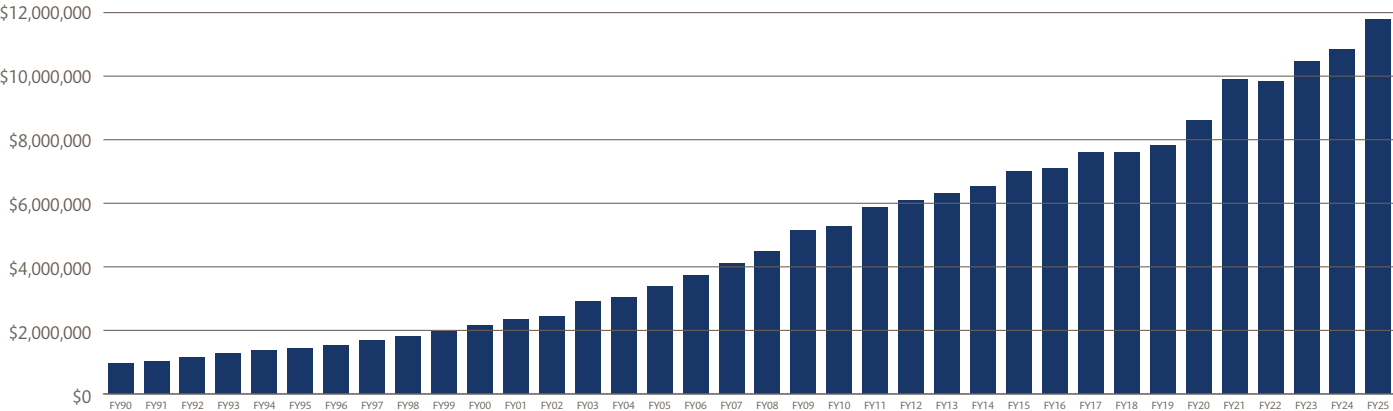

“The generosity of financial aid donors has allowed so many deserving students to achieve their dream of attending school at BB&N. Over the years, I have witnessed the change in how financial aid has been dispersed and how it has been so impactful. The Lower School has benefited greatly from having more financial aid students as it brings an eclectic group of families into the community at an earlier stage in their academic career.”

— Ed Bourget, Jr. '96, P'33, '35, '38, Hockey Coordinator, Girls Varsity Ice Hockey Head Coach, Lower School Physical Education Teacher

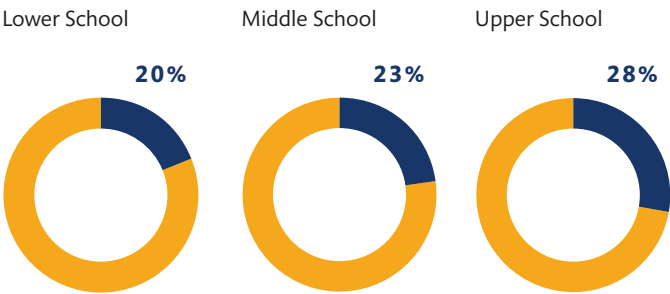

“If we are dedicated to building an intellectual environment that thrives with regard to curiosity, inquiry, and critical thinking, it is our duty to make sure we are sharing a variety of perspectives in our classrooms. Agreement is not necessary, but a willingness to see the world from eyes and experiences different from our own is essential to this work.”

— Michael Chapman, Upper School Dean of Teaching and Learning and Upper School Science

Innovation Grants Continue to Spark Creativity Among Faculty and Students

After extensive review during the fall 2023 application cycle, the Teaching and Learning Office awarded Innovation Grants (I-Grants) to a number of faculty and students during the Spring 2023 grant cycle. Some projects were completed last year while others are in various stages of development or may require additional resources to fully implement.

FACULTY/STAFF

From Past to Progress: A Multidisciplinary Exploration of DC's Diversity and Equity

The Middle School history department is laying the foundation for an 8th Grade Capstone Trip to Washington, D.C. Departing from traditional trips, this trip would not only cultivate connections among faculty but also foster a collaborative community. The 2024 I-Grant funded a scouting trip to DC in April 2024 to support the writing of a full proposal for this trip/curriculum. (Christina Dominique-Pierre and Nathan Austria)

Shifting Gears: A Community in Motion

Shifting Gears proposes a fully sustainable and weather-protected cycling storage shed at the Upper School for electric and manual bikes and scooters. This storage facility will support and encourage transportation alternatives and recreational opportunities to, from, and between campuses. (Jay Shah and Shawnee Sloop)

Beginners Outdoor Environment Project

The Beginners Outdoor Environment Project will offer a range of play spaces and materials to better meet the diverse physical and social/emotional needs of our students, allowing for small groups and quiet play away from the fast pace of the physical play of some students. (Dana Bentley and Lucinda Burk)

REcess Equipment Storage Shed (REC.E.S.Shed)

The REcess Equipment Storage Shed (REC.E.S.Shed) will support the care and organization of recess equipment used by Grade 2-6 students and facilitate shared play across a wide range of interests. Using a curriculum unit for grade 2 students to support the introduction of this project, students will manage the space. In doing so, they will practice stewardship as well as meaningful responsibility for the care and maintenance of materials. (Jenny Kramer)

Lower School Greenhouse

Design and Development

The Lower School Greenhouse, part of the outdoor learning environment of the Lower School Renovation Project, will support sustainable, year-round growing and will result in greater continuity of the student experience. It will also act as an important resource for authentic, hands-on learning across disciplines and grade levels, which is consistent with our commitment to interdisciplinary and project-based learning. The 2024 I-Grant is funding initial design, and curriculum development for use of the greenhouse for academic programs. (*Emily Discenza and Lizzie Thome*)

Podcasting Class Development

This Upper School podcasting class, developed through a Summer Curriculum Grant, will cover the technology and techniques of online presentation through audio in a variety of circumstances, including storytelling, interviewing, and group content creation. The I-Grant supported the procurement of the equipment necessary to teach this class. (*Adam Howarth and Ross MacDonald*)

STUDENTS

HacKnight/Coding Summit

HacKnight was a two-day pilot programming event held at the Upper School in June 2024 aimed at getting more BB&N students involved in the computer science (CS) community. The aim was to make computer science feel more accessible to students whose primary interest is not STEM, helping them discover the wide applicability of CS and ways to integrate it into their own projects. (*Diego Abadie '26, Carl Chen '26, Diba Demir '25, Sofia Egan '26, Salar Sekhavat '26, Sophia Stafford '25, and Yancheng Zhao '26*)

KnightConnect

KnightConnect is an online platform that promotes professional inclusivity and serves as a one-stop-shop opportunity hub for all Upper School students. Through KnightConnect, students can find paid internships, community service, and research opportunities without needing to search the internet or rely on family connections, and exposing students to resources outside of the classroom. (*Juan Medina '24, Kevin Winschel '24, and Charlie Taft '25*)

Knights Career Talks

Knights Career Talks aim to introduce BB&N high school students to future career options by inviting professionals from the Boston area (and beyond) to speak to students, and by organizing student trips to professional contacts in the greater Boston area. (*Rohan Jayaraman '25 and Kenneth Tsay '25*)

Smart Sort

Smart Sort is an app that transforms the educational experience by enabling teachers to create groups of students in order to maximize productivity and student enjoyment. (*Max Laibson '25*)

Innovation Grant Enhances Student Access to Opportunities

Honest, Scholarship, Kindness: three words that embody the BB&N experience. Now, thanks to an Innovation Grant, the students behind the new database and website KnightConnect (knightconnect.org) want to add two new words to the dialogue when people talk about BB&N: opportunity and inclusivity.

Juan Medina '24, Kevin Winschel '24 and Charlie Taft '25 created KnightConnect to give all BB&N students direct access to paid internships, community service, and research opportunities. The students identified two main impediments to students' efforts and sought to disrupt them.

The first obstacle they noted was that many internships are only available to college undergraduates. The database curates opportunities for BB&N high school students and currently boasts 165 diverse possibilities across a range of interests including business, law, art, computer science, and writing.

The second impediment is that often only the students with connections through family or friends land internships. "To get an internship is not easy these days, especially for those who don't have connections," Juan explained. "We really wanted to equal the playing field, so that even somebody who does not have parents working at a high-end company can get some corporate experience."

More recently, KnightConnect has added other resources for students such as SAT study guides with practice problems, and guides to building a LinkedIn profile and resume. KnightConnect will keep improving and working on new ideas in the future.

"THE I-GRANT EXPERIENCE ALLOWED ME TO CO-LAUNCH A MEANINGFUL COMMUNITY INITIATIVE, WHICH I HOPE WILL CONTINUE TO IMPACT BB&N EVEN AFTER I GRADUATE. WHAT'S GREAT IS THAT NOT ONLY DO STUDENTS BENEFIT, COMPANIES AND PROGRAMS BENEFIT AS WELL FROM STUDENT WORK AND SHADOWING."

— Charlie Taft '25

THE ALMY SOCIETY

Each year, thoughtful individuals and families invest in the school's future through their estate plans. There is a unique story behind every one of these legacies, but they all have the same ultimate goal: to maintain the strength, integrity, and value of the BB&N experience for future generations of students.

If you have arranged to support BB&N through your charitable estate plans like the generous alumni, parents, and friends recognized here, please contact Linda Gallinaro at 617-800-2721 or lgallinaro@bbns.org so we can welcome you as a member of The Almy Society.

Helen Chen '64: Honoring and Supporting the School Where She Found a Home

BB&N is a school where you can bring your authentic self. Students grow and develop in an environment that combines high expectations with a culture of care and compassion.

That is exactly the place that Helen Chen '64 and her family were dreaming of in 1949 when they stepped onto the S.S. President Cleveland in Shanghai—the last boat to depart China before Mao Zedong assumed control of the country. They were on their way to San Francisco, leaving behind family, friends, and everything they knew, with the hope of starting a new life. Instead of remaining in San Francisco, they took a train across the country to Cambridge, which was recommended by Helen's mother's cousin who had graduated from Harvard.

Lucy Young Robinson '64, Caroline Howard '64, Margaret Loss '64, Ann Helburn Stephens '64, Priscilla Cogan '64, Helen Chen '64

Helen started her education at a public school in Cambridge but by second grade she had gained admission to the Buckingham School on a full scholarship.

She writes, "Buckingham was one of the best and luckiest things to have happened to me. When I started school there, I couldn't speak much English. I didn't even know what the word breakfast meant."

"BUCKINGHAM WAS ONE OF THE BEST AND LUCKIEST THINGS TO HAVE HAPPENED TO ME."

— Helen Chen '64

Buckingham was a place where Helen felt a sense of belonging for the first time. As the only Asian student in the school in the 1950s and '60s Helen never felt prejudice. Instead, she was embraced by her classmates and teachers for her differences. While culturally responsive teaching practices were not the norm at the time, Buckingham offered a gateway for students to unlock their full potential.

As Helen and the Class of 1964 celebrated their 60th reunion this spring, she gracefully encouraged her classmates to give generously in honor of this special milestone. It is these small moments and gestures of magnanimity that define the school BB&N has become today.

Summer Curriculum Work Crosses Campuses and Disciplines

During the months following graduation, 84 faculty participated in summer curriculum work, either individually or in collaboration with their colleagues, in some cases across campuses and disciplines. The Teaching and Learning Office funded this work through 44 grants totalling \$82,000.

In late August, the Fourth Annual Summer Curriculum Grant Share—a cross-campus virtual gathering of BB&N educators to showcase their summer curriculum work—offered invaluable opportunities for faculty and staff of different departments, disciplines, and campuses to establish through-lines across each others' work.

Observations from participants following the presentations include those shared here:

“I CONTINUE TO BE AMAZED AT THE DEDICATION AND PASSION OF OUR FACULTY ACROSS CAMPUSES AND DISCIPLINES, THE COMMITMENT TO THEIR CRAFT, AND PARTICULARLY THE COLLABORATION ACROSS DISCIPLINES.”

“THERE ARE A LOT OF COMMITTED EDUCATORS WHO ARE WORKING TO ENHANCE THE EXPERIENCE OF OUR STUDENTS AT BB&N.”

“[I WAS IMPRESSED BY THE] TRUE PASSION AND COMMITMENT TO LIFELONG LEARNING, THE INTENTIONALITY THROUGH VULNERABILITY TO REFLECTION, AND EXAMINING CURRICULUM WITH STUDENTS AT THE CENTER.”

“EXAMINING OUR WORK WITH IDENTITY CONSCIOUSNESS IS AN ONGOING PROCESS AND HAVING THE OPPORTUNITY TO SHARE WITH COLLEAGUES PROVOKES REALLY HELPFUL WONDERINGS.”

“WHEN WE GIVE OURSELVES TIME TO REALLY REFLECT ON OUR WORK, THE POSSIBILITIES FOR INNOVATION REALLY OPEN UP.”

Summer Campus Improvements Upgrade Facilities for Students and Faculty

In the three short months between the closing and reopening of school each year, BB&N's Facilities Team is busy working on a number of projects to enhance and maintain our buildings and grounds across all campuses. Support through The BB&N Fund and several restricted gifts and funds helps make this work possible.

Highlights of the summer work—some more visible than others—include:

Lower School:

- Upgraded underground technology infrastructure, a critical project to prepare for the Lower School Renovation Project
- New equipment for the Beginners playground (part of an Innovation Grant)
- New shed built by Lower School facilities staff for storage of recess equipment (part of an Innovation Grant)
- Morse Building boiler replacement

Middle School:

- New furnishings for five classrooms, including innovative student desks for math and a flexible Harkness table in history classroom 101. All are easily moveable and reconfigurable to quickly change teaching and learning styles.
- Replacement of the turf and upgrading of the sport court
- New patio, drainage improvements, and walkways

Upper School:

- New Harkness table for English classroom (Room 122)
- Repainted exterior of the theater, Almy, and community room wing
- Repaving of parking lot and walkways
- Wood Shop renovation including new HVAC with cooling system, ceiling replacement, and new lighting

"English teachers love Harkness tables because of the sense of community and connection they engender. With everyone seated around the table in a circle, discussion flows freely, everyone can see each other well, and, as the teacher, I can see everyone's open books and notes. In addition, a Harkness table sets the tone for students that this is a space for open and engaging discussions."

— Ariel Duddy, Upper School English

Nicholas Athletic Center (NAC):

- New furnishings in the NAC entry foyer to provide a greater quantity of colorful and varied seating for student gatherings and community events
- Office renovations for athletic administrators, coaches, and trainers
- New changing room for referees/officials
- New unisex bathroom
- Exterior site work to improve drainage and field conditions

APPRECIATING OUR VOLUNTEERS

BB&N VOLUNTEERS

We are deeply grateful to the many parents, alumni, and grandparents listed below who contributed countless hours of volunteers time to BB&N last year through various activities in support of the school's mission.
